CONTACT REPORT

SUBJECT:

Ernst GOEBEL

DATE OF MEETING:

10 April 1967

1. I met Subject at his office from 1845 to 1915 on 10 April 1967. My purpose was to see if he knew Herbert Adolf PELKA (P-). Subject said that he didn't know either PELKA or the two German witnesses to his marriage. However he does have a friend, a secretary at Telefunken where PELKA works. He will check this girl and elicit information on PELKA.

2. Subject reported that he had noticed that Ralph WIEGANDT has become quite friendly at the French Club as a tennis partner of LOGINOV. (COMMENT: Per LIENVOY WIEGANDT and wife invited LOGINOV to dinner in March 1967). WIEGANDT is a German who came to Mexico after WW II. He formerly worked for Rieboldt Chemical in Germany. His wife is from a well-known German-Mexican family from Guadalajara, nee BAENSEN. His father is a Dr. of chemistry from Stuttgart who recently came to Mexico. WIEGANDT owns or has a controlling interest in Barnices Aislantes, S.A., located at Avenida Tolteca 176. This company manufactures plastic foam insulating materials. He lives in Coyocacan in a house which he recently had built, Europa 26. Subject dislikes WIEGANDT whom he describes as a pushy, ambitious businessman. The implication is that he is unscrupulous and would do anything for a buck. Subject doesn't know anything about his politics. Subject will obtain more background information on him.

Summary					
1. As reported by Ref A, Samuel J. KARTASUK succeeded in meeting with Subject in Acapulco and in spending nearly a full week with him for the purpose of establishing rapport and assessing him for possible recruitment per Ref B. Assessment by both KARTASUK and LIOVAL-1 indicates that Subject is essentially apolitical with attitudes as pro-West as pro-Soviet. KARTASUK believes, however, that he could be recruited to work against FJSTAL intelligence if he were made to believe that he is not working against the FJSTAL people.					
2. Recent LIFEAT reveals that Subject is having marital problems and that he consented to see a psychiatrist after his wife made good her threats to leave. According to Subject, he was diagnosed as "psychopathic" with problems stemming from his mother's possessive attitude. The character assessment by KARTASUK agrees with that of LIOVAL-1 but neither has called Subject "psychopathic."					
3. While we recognize possible problems, we feel that a recruitment attempt should be made by KARTASUK. Following the recruitment we plan to have KARTASUK sever further relationship with Subject and to handle the case from inside where it can be monitored more closely.

MEMORANDUM FOR THE RECORD
 SUBJECT: Jorge ARIAS Buerba

DOB 42 CIT MEXICO A MEXICO Mexico City

1. Subject is a 26 year old Mexican citizen (although he looks to be in his 30's). He is a Spanish teacher at the Mexican-North American Institute and since the fall of 1967 has held a second job as the director of the Community Services Program at the American School. In April 1967 he married an American citizen from the Chicago area named **Donna WEINTHALER** (phonetic). They live at Juancatlan 15, which is just around the corner from the Soviet Embassy. Home phone is 15-28-49.

2. Subject was recommended as a Spanish tutor in August 1966 by Enrique GUTIERREZ Martinez (P-12667), who was then C/SB's Spanish tutor. GUTIERREZ was subsequently recruited by C/SB as a utility agent but has since been dropped because he is related to other Station assets. On GUTIERREZ's recommendation, I began taking private Spanish lessons from Subject in August 1966. I found Subject an excellent teacher and continued taking lessons from him until December 1966. In March 1967, my wife and I had Subject as a teacher in Spanish courses we took at the Mexican-North American Institute. I have maintained intermittent social contact with Subject since March 1967, and my wife has become friendly with Subject's wife, having visited her at her apartment two or three times and having had her to our home during the day an equal number of times. I have also
