

SUBJECT: LINUFF-1 (L-1)

The attached explains the involvement of Subject in the circumstances surrounding the recruitment attempt and personal harassment of Soviet official <sup>62</sup> [AGENT (201-733422)] in June, 1968.

The narrative is presented by <sup>Keith 06, 08</sup> [Cameron JOHNSON (201-837607), Dean of Men at the University of the Americas], who was deeply involved in the operation. While no apparent direct or serious damage to LINUFF-1 resulted from this, it must be borne in mind that <sup>63</sup> [Johnson] did rent his house from LINUFF-1 and that if the Soviets ever had suspicions of LINUFF-1's relations with <sup>63</sup> [the Station], L-1's appearance in these events might be viewed by the Soviets as possibly more than coincidence.
