Mr. [Swann] At the request of Helen, Mr. Kuhn's office, Policy Coordination Staff, ext 1623, I asked for a name trace and the files on the following, and gave your name:

Mistretta, Vincent
b. 13 Jan. 1913, Brooklyn NY
FBI has a continuing investigation on Subject who has been interviewed and advised of contacts with CIA between 1970 and 1975. He named two people: 6 [R.T. Conway] and a Dr. Jerry Berger. They--the FBI--want to know if we have these people or any information on this man.

SRD is sending file on Mistretta, covert subject 857074; has nothing on Dr. Jerry Berger; there are three files which suggest the [R.T. Conway] 6 two on 6 [Robert Conways] one of which is a retired file, and one on a ["Red" Conway]. 6

Do you want any or all of those?

Novel, Gordon Michael
b. 7 Feb. 1938 in San Antonio, Texas
Lives in Houston, Tex. at 414 Baywood Paced Drive.

FBI has an active investigation on the Subject and they disseminated a memo dated May 27, 1976 on the Subject but it may or may not have come to Security. SRD is sending his file up.
