The subject was **utilized by Central Intelligence Agency (CIA) as an informant** in the communist-dominated Greek Maritime Organization, OENO. His past activities have been the subject of correspondence between us and CIA. During the past year, **his usefulness to CIA had practically expired, primarily because of** subject's desire to remove himself from the OENO atmosphere.

On September 13, 1960, Mrs. Jane Roman, CIA, advised that the subject is currently a crew member of the SS Radnor, which is scheduled to dock at New Orleans within the next two weeks. **CIA has had clandestine meetings with Moutos and is** now endeavoring to work out an arrangement whereby he can travel to Cuba **and can serve as a source of information in that country**. In order to arrange for such travel, it will be necessary for Moutos to jump ship at New Orleans. This will be done **with the approval** of Immigration and Naturalization Service. CIA will then hold conferences with Moutos and subject will thereupon proceed to Havana **under a cover being established for him**.

Prior to leaving for Havana, Moutos will endeavor to have contact with his wife, Angela Boyer, who is well known to us and who has a communist background. His marriage to Boyer **was actually promoted in order to improve his position in OENO**. He has been separated from his wife for a lengthy period although she has indicated that she desires to live with him again. **CIA hopes that** a resumption of relations between the two will help Moutos **in establishing worthwhile contacts** in communist circles in Cuba.
