

I am not going to use **(Tri State)** for my credit references. I fill my application and put in there that I was working for this Company for two years, that my salary was \$ 120 a week, and that my position in this Company is like an electronic technician. Would you please advise them of all this matter in order that when they will receive the papers from VA or FIA fill them the right way ? I can not use RSCB for the application of this credit because an exile group corporation is no good for this kind of credit references. As I told you I am not going to use **(Tri State)** any more but it is an exemption
