MEMORANDUM

SUBJECT: ~~CWREN DEFECTOR~~ Operation 24
Briefing to ~~(Guatemala)~~ (Chief of State Peralta)

1. The briefing was held in a small luxurious government conference room on the afternoon of Friday 6 October 1964, lasting about 2 1/2 hours. 06, 08, 24
(Chief of State Peralta, Minister of Government Colonel Ferraro and Intelligence Chief Colonel Porras) attended for the Guatemalan.

~~Two CIA OFFICERS WERE PRESENT~~

2. At the request of the ~~Guatemalan~~ 24
SENIOR CIA OFFICER I prefaced the operational briefing with a brief description of how the U. S. Intelligence community operates, of the role of CIA, of the need for compartmentation and security, and specifically of how the foregoing considerations make it imperative for the ~~(Guatemalan)~~ to adopt security precautions which will ensure that the information we provide and the joint operations we undertake are compartmented within the ~~(Guatemalan)~~ government (and, in fact, discussed by the ~~(Guatemalan)~~ government exclusively with our representatives in the field).

3. Following the introductory remarks outlined above, I briefed the group on the DGI structure, the DGI operational techniques, and specifically on DGI aims and operations in ~~(Guatemala)~~. The (President) lent close attention throughout the briefing and examined the exhibits closely, including the DGI intelligence requirements for ~~(Guatemala)~~ and the (Salvadoran "Caso Zapote" file.) 11

4. After the foregoing exposition, I explained our aims in exploiting the information ~~to be provided by the~~
~~Guatemalan government~~. In this connection I asked for close cooperation and coordination of activities, promising that we shall do our utmost and making reference to our travel lists and watch list.

I added that the matter of using force against Cuba is a policy matter on which I was not competent to comment but that the decisions made by the United States Government are based on careful study of detailed information including information on Soviet intentions and capabilities.

3. With reference to ~~the case~~ case, because of the developments and plans in El Salvador, I explained briefly the status of the DALTON case and the possibility of his being transferred to Guatemala. (This was in line with the discussion in El Salvador which included our ~~officer~~ ~~adviser~~, the President and the President's Intelligence adviser, Colonel MEDRANO. I asked that the Guatemalan government take no action unless requested by President O RIVERA or Colonel MEDRANO and said that, if DALTON is transferred, one of our people probably would talk to DALTON in Guatemala.)

3. The Chief of State Peralta made a rather impassioned speech in which he covered the following points:

- a. His own long experience in the OAS, in Cuba and in Central America;
- b. His early warnings about Castro--which were disregarded;
- c. The extent to which Guatemala has lived up to its obligations in the OAS; to which it has cooperated in efforts against Castro; and to which it has looked toward U. S. leadership;
- d. The failure of the U. S. to take aggressive action against Cuba and the need for taking a hard line, including the use of force in support of military activity by the free Cubans and the other American countries;
- e. His appreciation that the Soviets will not be willing to risk a nuclear war over Cuba;
- f. Condemnation of Mexico for her dealings with Cuba, for failure to abide by her obligations in the OAS, and for permitting the Castros to operate out of Mexico against other American countries;
- g. The need for action against Mexico;
