ACTION D SYNOPSIS/ANTOIL-1 Background Information on Medical Colleagues of ANTOIL-1 in Cuba			
ACTION REQUIRED - RELEASE			
Action: FTI			
<p>1. In late December 1966 and early January 1967 QUER-1 debriefed ANTOIL-1 in detail regarding his medical colleagues still in Cuba. ANTOIL-1 said that most of them would like to leave Cuba. The majority of those described below are psychiatrists who are keenly aware of, and depressed by, the effect of the Castro regime. Almost all of the psychiatrists mentioned herein have friends and patients among Cuban Government officials and, in ANTOIL-1's opinion, those defecting would cooperate in extensive debriefings of their considerable knowledge. Most of them frequently travel abroad. ANTOIL-1 is attempting to maintain correspondence with the most promising. The defection of any of the psychiatrists would be especially harmful to the present Cuban Government, since it is faced with a rapid increase of suicides, mental illnesses, and alcoholism, stemming from a general breakdown of morals and mental health as traditional values are uprooted and replaced by repressive, unfamiliar demands.</p> <p>2. In the descriptions that follow, it should be noted that the Department of Psychiatry of the University of Havana Medical School is composed of professors and instructors from the psychiatric staffs of several hospitals, where the classes actually are given; there is no University Hospital per se.</p> <p>3. Cuban Physicians Considered as Possible Prospects for Defection/Operational Utilization</p> <p><u>ACOSTA Nodal (hus)</u>, Assistant Director of the Department of Psychiatry of the University of Havana/Jaime Garcia Hospital. Fully professor. <u>Acosta</u>, wife, and mother criticize the regime. Has son 13 years of age. Admits correspondence with a brother in the U.S. Takes a courageous stand against the regime but valuably indiscreet. In August 1966 said that he probably was going to be the father of an illegitimate child. Age 40, 5' 5", 160 pounds, almost totally bald. Would defect and cooperate in being debriefed if abroad with family.</p>

	<p><b>JACO</b> <u>Barra, Roberto</u>. Assistant Professor of Psychiatry at the <u>University of Havana/Calixto Garcia Hospital</u>. Intelligent and professionally skillful. Admitted he is a candidate for the Cuban Communist Party in order to live more comfortably. Married to a former medical-school student who desires to leave Cuba and who constantly criticizes the political indoctrination in Cuban schools suffered by their four children. Barra admits corresponding with a brother in Miami. Age 35-40, 5' 7", 170 pounds, black hair. Would probably defect and be debriefed if abroad with family. <i>Possible defector</i></p>	
DoB: c. 1928	<p><b>JACO</b> <u>Yoda, Ramon</u>. Assistant Professor of Psychiatry at the <u>University of Havana/Calixto Garcia Hospital</u>. Follows the dictates of the regime with commentary. Is sole member of <u>Calixto Garcia</u> staff to aide with the staff of the Department of Medical Psychology of the University of Havana, headed by Jose Angel Bustamante, which is notoriously servile to the regime. Attended the 1966 international psychiatric congress in Madrid. Married and regularly fights in public with his wife. Mulatto, Age 35-40, 5' 11", 170 pounds, black hair. Weigh possibility of <u>defection and subsequent debriefing</u>, if Yoda felt there was absolutely no risk involved. <i>Possible defector</i></p>	
Sq: F DoB: c. 1940	<p><b>JACO</b> <u>Quill, Cristina</u>. Specially appointed Professor of Psychology of the <u>University of Havana Medical School/Calixto Garcia Hospital</u>. Only intimate friends know that she is firmly anti-regime, as she pretends the opposite, in order to support her widowed mother and younger brother Philip, currently majoring in English literature at the University of Havana and attempting to obtain a scholarship for study abroad (probably England) <u>in order to defect</u>. Quill may have been born in the U.S., when her father was a Cuban diplomat posted there. She would leave Cuba if it were not for family commitments. She is a courageous, discreet woman, about 25 years old, who might possibly work against the regime while still in Cuba, and most probably would to do if she and her family were outside of Cuba. Would seek a scholarship to study abroad if there were a way to make up for the loss of her monthly income of approximately 500 pesos, which is needed for the support of her family. <i>Possible defector</i></p>	
DoB: c. 1939	<p><b>JACO</b> <u>Mora (fmr)</u>. Instructor of Psychiatry, University of <u>Havana Medical School/Calixto Garcia Hospital</u>. Admits he desires to leave Cuba but is too gripped by inertia or fear to try. His wife also wishes to leave. They have one or two children. Age 26-47, 5' 6", 130 pounds, blond hair. If abroad with family <u>he would probably defect and consent to debriefing</u>. He is too timid for any other operational utilization. <i>Possible defector</i></p>	
DoB: c. 1928	<p><b>JACO</b> <u>Peret Villar, Juan</u>. Instructor and head of the <u>Department of Child Psychiatry, University of Havana Medical School/Calixto Garcia Hospital</u>. Admitted being so emotionally distressed by his inability to leave Cuba that he requested not to teach university classes. He is attempting to leave through a scholarship, as a delegate to a medical congress, or through the translation/publication of <u>Intelligence and Emotions</u>, a medical text by U.S. author James MacV. Hunt, with whom he corresponds. He is married and has a 15-year-old son, whom he is resigned to leave behind to perform obligatory military service, in the event he and his wife can leave. Peret formerly attended a U.S. university. Age 39, 5' 7", 160 pounds, black hair. If outside of Cuba, Peret could be used as an access agent to Cuban officials, as his opposition to the regime is known to only a few friends. <i>Possible defector</i></p>	
DoB: c. 1932	<p><b>JACO</b> <u>Flores, Miria</u>. Instructor of <u>Child Psychiatry, University of Havana Medical School/Calixto Garcia Hospital</u>. <i>Possible defector</i></p>

<p>political comments but does not leave Cuba. In process of divorcing her husband, a physician for the Ministry of the Interior. They have two four- or five-year-old children. Wife is a mulatto, age 34, 5' 7", 145 pounds, black hair. She would be of little operational use, for she is too lazy to arrange travel outside of Cuba or to work against it.</p>		
DeB:C.1936	<p>✓ <b>Marches, Isidoro.</b> Instructor of <b>Psychiatry, University of Havana Medical School/Hospital</b>. <b>Probable defect</b></p> <p>has an official post, probably secretary of the Communist Youth at the University of Havana, but actually plans to defect through obtaining a scholarship to study abroad, probably in England. The scholarship was authorized by the Cuban Government in September 1966. <b>See para 1 of OSMA-22,121, dated 30 December 1966.</b> <b>See para 1 of OSMA-22,121, dated 30 December 1966.</b> He is a bachelor, 30 years of age, 5' 7", 130 pounds, black hair. It is virtually a certainty that <b>Marches</b> will defect while outside of Cuba. There would be an excellent chance of recruitment for use as an access agent.</p>	
DOB:C.1932	<p>✓ <b>Acevedo (Cruz).</b> Instructor of <b>Psychiatry, University of Havana Medical School/Hospital</b>. <b>Probable defect</b></p> <p>born to correct the regime, now disillusioned, depressed, and criticizes the regime in public. Jealous and combative personality. Married, several small children. Brother of <b>Wladimir Acevedo</b>, professional singer who represents Cuba at international events. Age 34, 5' 7", 130 pounds, brown hair. If approached with family would probably defect and could be used as an access agent.</p>	
201-756151	<p>✓ <b>ADO Camasi, Jorge.</b> <b>Head of the Psychiatric Department of the National Hospital.</b> <b>Probable defect</b></p> <p>Assistant Professor at the University of Havana Medical School. See paragraph 1 of OSMA-22,121, dated 30 December 1966.</p>	
201-756151	<p>✓ <b>Frade, Marta.</b> <b>Former Director of the National Hospital.</b> <b>Probable defect</b></p> <p><b>Former delegate to UNCTAD, Paris.</b> <b>Frade</b> told <b>Christina Smith</b> that she is completely anti-regime, that she personally told Fidel Castro that Communism is ... (obscenity) and that Castro just laughed by way of reply. She is rumored to be protected by Castro, who has allowed her to devote herself exclusively to private practice. <b>ADO</b> has never met <b>Frade</b> personally but believes that she would probably defect and undergo debriefing.</p>	
DOB:C.1928	<p>✓ <b>MARCIA Mauri, Clotilde.</b> Assistant Professor of Medical <b>Psychiatry of the National Hospital and of the University of Havana Medical School.</b> <b>Probable defect</b></p> <p>She is a nurse, sexually promiscuous, and has never revealed her political affiliation. Age 30, 5' 6", 125 pounds, brown (but changeable) hair.</p>	
DOB:C.1933	<p>✓ <b>Grau, Miguel.</b> Instructor of <b>Psychiatry of the National Hospital/University of Havana Medical School.</b> <b>Probable defect</b></p> <p>He is currently attempting to obtain a scholarship to study abroad in order to defect. Married, two children. Wife is sharply critical of the regime and wishes to leave soonest. <b>Grau</b> is the nephew of <b>Pedro Grau Triaca</b>, who reportedly made millions of dollars in construction and real estate before Castro came to power. <b>Pedro Grau</b> now lives abroad. He gave <b>Miguel</b> a European trip upon graduation from medical school. <b>Miguel's</b> wife is also from a wealthy family. Age 33, 5' 6", 140 pounds, brown hair. Once outside Cuba with his family, <b>Grau</b> would defect and possibly could be used as an access agent.</p>	
DOB:C.1933	<p>✓ <b>Maniz, Leon (Paul).</b> Instructor of <b>Psychiatry at the University of Havana Medical School/Hospital of National Psychiatry.</b> <b>Probable defect</b></p> <p>Spoken anti-regime, <b>Maniz</b> has requested permission to emigrate.</p>

<p>to emigrate? He is married, has no children. Age 33, 5' 5", 150 pounds, light brown hair. Once allowed to leave, he could be debriefed, but his open request to emigrate would make any use as an asset agent impossible in spite of his motivation.</p> <p><u>D-8: C. 1732</u></p> <p>✓ <u>*Esteves, Carlos.</u> <u>Psychiatrist of the Civil Hospital of Santiago.</u> Secretly has far left leanings. Married, two or three children. Age 34, 5' 7", 180 pounds, blond hair. ACTOIL-1 has had no contact with him since 1962.</p> <p>4. Cuban Physicians Whose Defection is Doubtful but Not Impossible</p> <p><u>D-8: C. 1724</u></p> <p>✓ <u>*Collado (Cm).</u> <u>Official Psychiatrist of the Cuban Air Force and formerly of the National Hospital psychiatric staff.</u> He is consistently poking fun at the Cuban Government in speaking with at parties that he regularly gives for friends in the Arts, whom he seems to cultivate. He is a close friend of <u>Wislawa Gullik</u> and <u>Marta Prayce</u>, to whom he has admitted-forging approval of the Cuban Government. He is cultured and loves the good life. He was first married to <u>Eva FROJA VILL</u>, a French national formerly a professor at the <u>Alliance Francaise</u> in Havana, who is now living in France, since their amicable divorce in 1961. He has one child. Collado moves in high government circles. Age 42, 5' 7", 150 pounds, black hair. He might defect, if shown a good offer, in spite of traditionally seeking not to complicate his life. He can be reached through his former wife, with whom he maintains correspondence. ACTOIL-1 is trying to obtain her exact address.</p> <p><u>D-8: C. 1727</u> <u>3-7-24</u></p> <p>✓ <u>*Torroella, Gustavo.</u> <u>Professor of Psychology, University of Havana Medical School, and head of vocational guidance for the University of Havana.</u> His home address is <u>101 E. 3rd St., Cuban Foreign Minister.</u> Torroella is a close associate of <u>Wislawa Gullik</u> with alternating postings in Paris and Havana. In 1960 he told ACTOIL-1 that he intended to publish books outside of Cuba in order to have income and pretexts to justify travel and residence abroad. In ACTOIL-1's opinion, Torroella studied and failed to justify Marxism, and obtained his current UNESCO posting so as to be out of Cuba. His wife <u>Marta Kouri de Torroella</u> and two daughters are presently in Havana. Age 39, 5' 8", 170 pounds, light brown hair. It is very doubtful that Torroella will openly break with the regime, even though he establishes a semi- or permanent residence abroad, but it might be worth approaching him when he has his family abroad because of his knowledge of, and access to, key Cuban Government officials.</p> <p><u>D-8: C. 1729</u></p> <p>✓ <u>*Palacios, Claudio.</u> <u>National Coordinator of Psychiatry, Care, Ministry of Public Health, and Full Professor of Psychiatry at the University of Havana Medical School, Pinar Hospital.</u> He is extremely clever, intelligent, materialistic, and ambitious. He maneuvered himself into an important post and a wealthy private practice. He is a candidate for the Cuban Communist Party, which probably will be denied him because of a previous internship in a New York hospital, according to the opinion of <u>Jorge Aldo Canals</u>, a former partner in medical practice. Palacios was a delegate to an international congress of psychiatry in Madrid in 1966. He has two daughters by a first marriage; no children by the second. Age 35-40, 5' 5", 170 pounds, brown hair. Defection is doubtful, but it is felt that Palacios would give serious consideration to the offer of any post that would enhance his professional career.</p> <p><u>D-8: C. 1732</u></p> <p>✓ <u>*Cordoba, Armando de.</u> <u>National Coordinator of Psychiatry, Teaching, Ministry of Public Health, Full professor, head of the Psychiatry Department of the University of Havana Medical School, Pinar Hospital.</u> An aristocrat whose effortless adaptation to the regime surprised his cohorts, Cordoba is intelligent, ambitious for power and prestige. He is married, no children. His brother</p>

		is a former <u>ambassador to Great Britain</u> , who fears that the regime's successes will strike him. Age 61, 5' 8", 180 pounds, brown hair. Because of his age and position, defection is highly doubtful, but he would consider any post that would enhance his international prestige; however, it is more likely that he will continue to prefer being an important man in a little country.

He is married to a Cuban whose wealthy father lives in Mexico but travels frequently to Cuba. Age 30-35, 6', 200 pounds, black hair, mulatto. In AMOIL-1's opinion, Xodesto is a dangerous political fanatic, about whom the Brazilian authorities should be warned.
