29 August 1967

MEMORANDUM FOR: CI/OA

ATTENTION : Mr. Lally

SUBJECT : Amendment of OA for Antonio DOUBLETTE  
(201-312729)

REFERENCE : Form 124 dated 22 November 1966

1. In accordance with Reference, Subject was granted an OA on 22 November 1966 to permit the WH/7/Haiti Desk to utilize Subject as a **Creole** translator **of unclassified tapes**. Subject was recruited in December 1966 and has been performing this function satisfactorily since that time.

2. It is now requested that Subject's OA be amended to permit WH/7/Haiti Desk to utilize his services to translate sensitive **telephone tapes** (LIFEAT) from the **Spanish, French and Creole** languages into English. To date the Mexico City Station has been providing Headquarters with a translation of the **Spanish and French portions of this** intelligence take, with Port-au-Prince Station assisting with translation of the **Creole** portions. Recently, however, the Port-au-Prince asset departed Haiti and, at present, neither Station has the capability to translate the **Creole** portions. Since it is believed that the **Creole** portion may contain important operational information from a CI standpoint, the Haiti Desk proposes to utilize Subject to fulfill this gap. Subject will be polygraphed before he is given this added task. Your expeditious attention to the above request would be appreciated.

3. If you desire further information, please call **Ruth Lehman**, WH/7/Haiti, x5595.

Robert W. Berg  
Chief, WH/7/Haiti

## AGENT EVALUATION

DATE: 10 May 1967

1. NAME (s): David M. WILSTED - Career Agent OS-15
2. PROJECT : LIFEAT
3. OVERT JOB TITLE: Technical Supervisor
4. COVERT JOB TITLE: Outside Case Officer for the LIFEAT Project.
5. JOB DESCRIPTION :
  - A. OVERT :
    - a) Assure proper maintenance of machinery
    - b) Categorize and schedule incoming production orders
    - c) Public relations with customer businesses
  - B. COVERT:
    - a) Overall supervision of all LIFEAT technical penetrations or other technical installations involving LIFEAT personnel
    - b) Supervision of technical penetration routing and security
    - c) Resolution of the complex technical and maintenance problems inherent in a Project such as LIFEAT
    - d) Accounting for expenditures in the neighborhood of \$5,000.00 US per month as well as being responsible for about \$25,000.00 US in WOPACT property
    - e) Responsible, with the Station Case Officer, for the day-to-day handling of 21 active LIFEAT agents.

## 6. EVALUATION

a. Performance of duties set forth in Paragraph 5 above without prejudice to either: WILSTED presently devotes about 80 percent of his working time to his LIFEAT duties. The remainder is devoted to his cover duties. This time allotment has the agreement of the owner/manager of his cover organization. WILSTED's cover manager, LIPDGEN-1, likes and respects WILSTED and they have a good working arrangement. WILSTED, LIPDGEN-1 and the Station believe that the present arrangement is satisfactory for all concerned. WILSTED in conjunction with a production manager whom WILSTED hired, has assisted in converting the cover company from a losing proposition into a profitable enterprise. The owner is grateful to WILSTED for this.

b. Attitude towards WOPACT, Cover Organization and present assignment. WILSTED has an excellent attitude toward his employment with WOPACT and has never been heard to be critical of it or its objectives. He is happy with his present assignment since he now considers Mexico City to be his home. WILSTED's wife, who is a Field Agent, also has a good attitude toward WOPACT and its objectives. She understands the reasons behind the long and varied hours worked by WILSTED and the need for security. She is a definite asset to WILSTED in supporting his cover in conversations with friends and relatives.

c. Security and Discretion: WILSTED is very security conscious and is discreet in his conversations. He is prompt for operational meetings and follows directions to the letter when meeting sites are changed or emergency meetings established. WILSTED has no known problems in living and maintaining his cover. WILSTED's wife is also very security conscious.

6 September 1966

MEMORANDUM FOR: Chief, CCS  
FROM: #5 Division  
SUBJECT: Project Funding Plan, Project LIFEAT (FI)

A. Identification of Activity

1. Project cryptonym: LIFEAT
2. Approved for: 1 July 1966 - 30 June 1967: \$100,000  
FY 1967 - \$100,000
3. Proposed successive fiscal year budget: Same
4. Brief statement of project aims, character and structure:

The purpose of this project is to provide unilateral telephone tap coverage in Mexico City. A U. S. Career Agent serves as Outside Case Officer and personally handles the thirteen sub-agents who are responsible for the technical phase of the Project which is run out of seven basehouses. A Station Case Officer directly handles five translators who are also funded out of this Project.

B. Funding History

1. The Career Agent (GS-13) receives his salary and allowances split between bank deposits in the United States made directly by Monetary and a field allotment received from the Station. He pays the thirteen sub-agents their salaries which total \$2,337/month, basehouse expenses (rent and utilities), and ops expenses. The Station Case Officer directly pays the five translators their salaries (total \$1,675/month) and expenses. All equipment is furnished by CIA and is replaced when necessary.
2. Funds have always been handled in this manner.

<p>1. Station Mexico City appreciates Headquarters forwarding of the dial recorder pressure tape for project LIFEAT. While trying to expend the regular tape on hand, Station had experimented with the new fiber-tipped pen as a substitute for the standard ball point pen in the dial recorder. However, either the altitude or the dry climate (or a combination of both) dried out the fiber-tipped pen after short periods of use.</p> <p>2. Station believes that the pressure tapes will provide a satisfactory solution to this problem which has plagued the Project for some time.</p>

TO -WFO	Chief of Station, Mexico City		HEADQUARTERS FILE NO <b>50-6-72/2</b> <b>50-6-32/2</b>
FROM	Chief, WFO	DATE	<b>31 JUL 1959</b>
SUBJECT <b>LIFVAT/LIENVOY ZONAR</b>		RE 433 - (CHECK IF ONE) MARKED FOR INDEXING <input checked="" type="checkbox"/> NO INDEXING REQUIRED INDEXING CAN BE ADDED BY QUALIFIED HQ STAFF ONLY	
ACTION REQUIRED Reply to paragraphs 2 and 3			
REFERENCE <b>1390A-13320</b>			
<p>1. Headquarters approves the suggestions made in reference for adapting the ZONAR format to LIENVOY needs. The Station will use the first two columns for numbers running from 01 to 30 to designate the recording machine on which the material was received, and the 6 spaces in column three will be used for the dossier number assigned the target. Under this system, the Station has room for expansion up to 999,999 targets. The name IN, name OUT, and telephone number columns will be the same for LIENVOY as for the system applied to LIFVAT/ZONAR abstracts.</p> <p>2. Headquarters has several questions on the remaining columns.</p> <p>a. First of all, will the Station have the ZONAR abstract sheets filled out in Spanish or English? If the runs appear in English, they will be of limited value to the Mexicans; if they appear in Spanish, the Spanish and English abbreviations for the same Subjects will not fall together in alphabetical consolidated runs for the subject type runs. (See paragraph 3 below.)</p> <p>b. According to paragraph 3 and 6 of reference the Station wants the following IN ZONAR listings every two months:</p> <p style="padding-left: 40px;">LIENVOY: 1 copy NAME IN, NAME OUT, TELEPHONE</p> <p style="padding-left: 40px;">LIFVAT/LIENVOY consolidated runs 1 copy NAME IN, NAME OUT, TELEPHONE</p> <p>The Station now receives two runs of LIFVAT and in addition to the runs listed above, also receives listings by Subject, symbol and diacritical mark. Does the Station no longer need these three types of listings and will one instead of two LIFVAT runs be satisfactory for the Station's needs? The Station receives an extra (third) copy of the yearly cumulative run. Will the Station want one extra copy of the LIFVAT/LIENVOY yearly cumulative ZONAR run also?</p> <p>c. Does the Station want the ZONAR run for LIENVOY to bear the classification of SECRET?</p> <p>3. With respect to the use of Subject and Symbol codes for LIENVOY ZONAR abstracts: Whether the runs are in English or Spanish, LIENVOY can use the same symbol column symbols as those which appear in the sterile manual. (Some symbols such as H which indicates LCHRAVVEST material have been deleted from the symbols passed to Liaison services.)</p> <p>With respect to the subject codes, the field may translate directly into Spanish the English words against which subject codes have already been assigned, and then abbreviate these words into four letter groups. If the Spanish is used, please submit your list of Spanish abbreviations for Headquarters information records.</p>

<p>1. It is requested that the following items be procured and forwarded to Station Mexico for use in Project LIFEAT:</p> <table border="0"> <tr> <td><b>A. Vacuum Tubes:</b></td> <td><b>6V6</b></td> <td><b>100 each</b></td> </tr> <tr> <td></td> <td><b>6J5</b></td> <td><b>200 each</b></td> </tr> <tr> <td></td> <td><b>6X5</b></td> <td><b>200 each</b></td> </tr> <tr> <td></td> <td><b>6K6</b></td> <td><b>50 each</b></td> </tr> <tr> <td></td> <td><b>6SN7</b></td> <td><b>25 each</b></td> </tr> <tr> <td></td> <td><b>6SL7</b></td> <td><b>50 each</b></td> </tr> <tr> <td></td> <td><b>6AU6</b></td> <td><b>50 each</b></td> </tr> <tr> <td></td> <td><b>12AX7</b></td> <td><b>50 each</b></td> </tr> </table> <p><b>B. Grommets for EKO recorder:</b></p> <p>These grommets are listed in the EKO parts catalog as symbol E40 Motor Mounting grommets (3), part number p9477. It is requested that the soft live rubber (flat) grommets be sent since the rounded ones are hard and transmit a lot of noise and rumble. If these grommets are available, Station Mexico could use approximately 120 of them.</p> <p><b>C. Fast Forward Cable Assy:</b></p> <p>Number 242-12297 <b>25 each</b></p> <p><b>D. Take Up Reels:</b></p> <p>Empty take up reels <b>30 each</b></p> <p>2. If there is a kit with assorted condensers for the Pulse Recorders (DR-2) and for the Revere Recorders, it is requested that such a kit be forwarded.</p>				<b>A. ACTION REQUIRED	See paragraph 2		
<p>1. There is attached one copy of the September 1958 issue of the telephone directory <b>for the Federal District, Mexico</b>.</p> <p>2. It is requested that a reverse listing be made to correspond to the phone numbers in this book and that 5 sets of these listings be forwarded for use at Station in addition to those to be provided to the desk.</p> <p>3. This request for new listings is based on the fact that the phone system in Mexico City has undergone so many changes since the 1956 directory was issued and processed by Headquarters that a portion of this is now obsolete.</p> <p style="text-align: right;"><i>Willard C. TO : Chief, WH Division

DATE: 9 July 1958

FROM : Chief of Station, Mexico City

SUBJECT: GENERAL— LIFEATSPECIFIC— Daniel K. BRENNED (P) —prostitute

ACTION REQUESTED: None, information only

1. Subject's application for "rentista" status in Mexico is being processed by Gobernacion and LIXAYAK/2 has been requested by Gobernacion Undersecretary Fernando ROMAN Lugo to check with ODYOKE as to whether Subject has any derogatory background. ROMAN Lugo is particularly interested in preventing any American with Communist connection from settling in Mexico.

2. Subject is described as a North American of Russian origin; the origin is probably what brought about the request for traces, and the Station for the time being attaches no other significance to the query.

3. LIXAYAK/2 is being told that there is no derogatory information on Subject and that if any are developed through a query to Headquarters, he will be notified. No further action is contemplated.

**CONCEALMENT - BOOKCASE****Work Order 2176****(CDB-104)**

A bookcase 42" x 48" x 12" was made with a concealment area. The bookcase was made from pine and painted flat black. The concealment area is 1-5/8" x 10-1/2" x 46" and is located under the bottom shelf and covered by the kick panel.

The kick panel must be opened in order to gain access to the concealment area. This panel is held in place with a positive locking device. The locking device is located under the front-center section of the bottom shelf. It is located beneath a filled nail hole. The locking device is released by inserting a table knife blade or similar piece of metal - between the bottom shelf and kick panel and by pushing toward the rear of the case, a distance of approximately 2", at the above-designated point. To facilitate inserting the blade on a loaded shelf, lift upward on the center part of the bottom shelf until the lock releases. When the lock is released, the kick panel may be moved by pressing inward on the bottom edge of the panel. After the panel has been moved slightly withdraw the knife so that the under surface of the shelf is not marked; then complete opening the panel. It is important that the kick panel not be forced beyond its maximum opening point approximately 70 degrees from vertical.

To close the panel, return it to its original position by pressing inward on the top edge until the lock snaps into place. Test for locking by pushing inward on the bottom edge.
