<p>1. Pursuant to the verbal statements of Dennis E. COPELAND at the Lima Conference of certain Station Chiefs, pertaining to ZACACTUS Operations in Chile, the following suggestions are advanced for Headquarters' consideration:</p> <p>a) Cover for Chile, Official:</p> <p>The Air Attache, Col. William ROSS, talked at length with General ACKERMAN, Assistant A-2, AFOS, while attending the Panama Service Attache Conference, on the question of providing a replacement for the Air Officer who had originally been scheduled for Santiago Air Attache Office to handle ZACACTUS. ROSS, who is a very intelligent, capable officer, with excellent intelligence experience, told ACKERMAN that he would appreciate being considered for this assignment in addition to his regular duties, as he was keenly interested in this type of endeavor. He was of the opinion that he could devote as large a share of his time to this work as would any other officer so assigned to his office. Furthermore, due to the size of his staff, three officers, he felt he could assign the bulk of his Air duties to his assistants and concentrate his efforts on ZACACTUS matters, which he thought were of greater importance in Chile. General ACKERMAN, according to ROSS, was not adverse to this proposal but stated he would await contact from ZACACTUS Headquarters before considering the matter further.</p> <p>This Station has high regard for ROSS and is of the opinion that he would apply himself in a very diligent and intelligent manner to the duties of handling ZACACTUS in Chile. He is fully aware of the necessity for discretion, as he had been briefed on this at the time the former ZACACTUS candidate had been considered for the Air Attache Office.</p> <p>b) Covert field cover: <b>RESTRICTED TO <u>work/Chile</u></b></p> <p>This Station highly recommends Headquarters' consideration of FULMINATER-1 as the principal ZACACTUS operator in Chile on a permanent basis. UN-200500 propaganda effort. His assets are generally as follows:

- 1) **Covers:** He is publisher and editor of a fairly successful weekly newspaper in Chile. Although he is at the moment considering the possibility of selling this newspaper, he has been encouraged to defer such action for thirty days pending Headquarters' decision on his case. This paper has its own printing presses and is capable of handling large printing orders of all types. This activity could be regulated in such a manner that it would only require a minimum amount of FULMINATER-1's time and would provide him with an excellent cover for his ZACACTUS activities.
- 2) **Ability:** He is a writer, playwright, publisher and editor. These qualifications plus his initiative, imaginativeness, ingenuity and broad intellectual background should qualify him for ZACACTUS operations. He, of course, has an excellent command of Spanish as well as French and German.
- 3) **Contacts:** Due to his professional status in Chile, he is on excellent personal terms with all other newspaper publishers, correspondents and editors. He also conducts a radio program and is accordingly well informed in this field and has many radio contacts. In view of the fact he originally published his newspaper in Valparaiso, he has many contacts on the coast as well which should be important in this work.
- 4) **Personality:** He is considered exceptional both in appearance and personality and has easily acquired the confidence and friendship of Chileans and Americans alike. Due to his wide interests, he is considered very well informed and cultured. His demeanor is always that of a gentleman, yet he is capable of courageous action as evidenced by his war experience and his conduct of assignments for this Station as indicated below.
- 5) **Intelligence experience:** He was originally approved operationally to handle the complex Soviet espionage case of FULMINATER-2. His conduct of this case was considered excellent, and he displayed resourcefulness, tact and ability to handle himself in difficult circumstances.

During the ZACACTUS operations of this Station involving the printing of the posters, stickers, handbills and the "Communist Pig", this Station called on FULMINATER-1 to do the job. It will be recalled that Headquarters was very pleased with the printing job in this project which FULMINATER-1 had done. This particular project revealed FULMINATER-1's ability to handle ZACACTUS work effectively and with discretion as borne out by the fact that the local Communists were never able to trace the origin of this material.

c) **Modus operandi:**

- 1) **Diplomatic cover:** It is suggested that ROSS be designated as the control

officer for ZACACTUS in Chile and that he maintain the official files, funds and communications with ZACACTUS Headquarters.

- 2) ZACACTUS Field Operator: It is suggested that FULMINATER-1 be employed on a regular State-side salary basis and that he be authorized a small staff to assist him in the actual handling of all field projects. He should have one officer assistant in a covert capacity and two stenographers, all of whom would be in his overt cover office, presumably as his regular employees.
  - 3) Cut-outs, agents, etc.: FULMINATER-1 should be authorized to develop such cut-outs, agents, etc. as required to carry out his objectives in Chile.
2. This Station is of the opinion that with the exception of possibly Mexico and Venezuela, Chile is one of the most important PW targets in Latin America. The Communist influence in Chile is unquestionably a serious political factor, and their propaganda is growing steadily throughout the country with extremely little if any opposition. The present Communist drive towards nationalization of the copper industry is gaining adherents daily and should be considered a potentially serious matter from the standpoint of our reliance on Chilean copper. Thus, it is the view of this Station that PW work is important in Chile and that its initiation on a larger scale should not be unduly delayed. It is also believed that considerable time, effort and money would be saved by utilizing the talent now in Chile, such as ROSS and FULMINATER-1, who already have their feet on the ground and are ready to start.
3. In the case of ROSS, if Headquarters is interested, it should approach General ACKERMAN direct in A-2. Regarding FULMINATER-1, a very tentative approach has been made to sound him out, and he reacted very favorably although no commitments were made as to salary or exact nature of the work. The moment for a decision in his case is very opportune, as he is planning to sell his newspaper and leave Chile for the United States or some other country. Recognizing the value his paper and presses would have to his cover and his work, he was asked, as mentioned above, to postpone selling his paper for thirty days. It is believed that he would be an excellent person for ZACACTUS in Chile and for future consideration as a Staff Officer. It is not believed that he would be interested in any salary less than \$5,000 per year although again, this subject has not been discussed with him to date. It is urged, however, that Headquarters cable this Station as early as practicable if there is any interest in obtaining FULMINATER-1 as proposed above.

MEMORANDUM FOR: Chief, WE Division

SUBJECT : Mr. David A. Phillips

1. The attached dispatch from the Chief of Station, Beirut, covers the proposed resignation of Mr. David A. Phillips from CIA. The matter was discussed with the Chief of Station during his recent visit to Headquarters, and he feels that Mr. Phillips' decision to return to South America is irrevocable.

2. Mr. Phillips, as you are aware, was in Havana until the spring of 1957, at which time he accepted a staff agent position in Beirut. His primary responsibility was the establishment of a radio and television production center in addition to providing a variety of covert programs in the psychological field. Mr. Phillips was instrumental in the establishment of a clandestine radio broadcasting station in the area in addition to the more direct responsibilities of his Beirut assignment.

3. The Chief of Station indicated that Mr. Phillips did a highly commendable job while in Beirut and feels his departure from the Middle East is regrettable; however, he was unable to dissuade Mr. Phillips from his desires to leave CIA. Headquarters has been equally impressed by Mr. Phillips' services and feels he performed in an exemplary manner, utilizing his mature judgment and excellent PP sense in attaining the objectives which led to his assignment in Beirut.
