MEMORANDUM FOR THE ATTORNEY GENERAL

(S) CONSULATE OF ISRAEL NEW YORK CITY, N.Y.
INTERNAL SECURITY - IS (S)

In several communications to you during the past year concerning Israeli intelligence operations in the United States, information has been forwarded regarding an espionage ring operated by the [Israeli Government] in New York City. This ring was headed by Youval Tal who until March 29, 1954, when he departed from the United States, was an adviser to the [Israeli Delegation] to the United Nations. Also included in this ring were [Yigal Gilaad] and [Efraim Pillersdorf], employees of the [Consulate of Israel], New York City. (S)

The Department of State has informed this Bureau that on April 14, 1954, Assistant Secretary of State Henry A. Byroade conferred with [Israeli Ambassador Abba Eban] and expressed to him the disquiet of our Government at the activities of [Tal, Gilaad, and Pillersdorf]. Mr. Byroade noted the fact that Tal had recently left the United States and told the [Israeli Ambassador] that our Government considered it desirable that [Gilaad and Pillersdorf] also be withdrawn. (S)

It is anticipated that the departure of these three men from the United States probably will not result in the discontinuance of [Israeli intelligence] activities in the New York area. Since the activities have centered about the [Israeli Consulate] there in the past it is possible that they will continue to be conducted from that establishment. Accordingly, it is recommended that you authorize technical coverage at (S)

MEMORANDUM FOR THE ATTORNEY GENERAL

RE: WORKERS WORLD PARTY
INTERNAL SECURITY - WWP

The Workers World Party (WWP) consists of former Socialist Workers Party (SWP) members who split from the SWP in February, 1959. The WWP favors a stricter interpretation of Marxism-Leninism based upon the writings of Leon Trotsky than does the SWP.

This Bureau is currently investigating the WWP and the SWP. The latter organization has been designated pursuant to Executive Order 10450.

Milton Neidenberg was appointed organizer of the Buffalo Branch of the WWP on May 26, 1960, and it is anticipated that he will conduct WWP business in his home. Current informants reporting on the WWP are only able to report on weekly meetings. Technical coverage would materially aid the Buffalo Office in its investigation of Neidenberg and the WWP, and would provide immediate intelligence information regarding the organizational efforts of the WWP both locally and nationally. It is noted that most of the WWP membership is located in Buffalo, New York.

I recommend, therefore, authorization of a surveillance on the residence of Milton Neidenberg, 95 Busti Avenue, Buffalo, New York, or at any other residence to which Neidenberg might move.

MEMORANDUM FOR THE ATTORNEY GENERAL

RE: CARL WINTER
INTERNAL SECURITY - C
INTERNAL SECURITY ACT OF 1950
SMITH ACT OF 1940

Carl Winter is a member of the National Committee and National Executive Committee of the Communist Party (CP), USA. In addition, he is state chairman of the Michigan District of the CP. In these capacities, he is in close touch with CP activities on state and national levels.

Winter is a convicted Smith Act subject who has served a prison term and is currently free on bail as a result of an indictment returned against him in 1948 charging violation of the membership clause of the Smith Act of 1940.

It is felt that a technical surveillance on the telephone located at the residence of Carl Winter would assist in developing extremely valuable intelligence data concerning CP activities on both a state and national level. Accordingly, authority is requested to institute technical surveillance coverage of Carl Winter, 9556 Burnette Street, Detroit, Michigan, or at any other address to which he might move.
