<p>1. A Covert Security Approval was granted IDEN on 27 May 1966 however the following information is forwarded for your information.</p> <p>Investigation has recently been completed with generally favorable results. However IDEN's military file indicated that he had been found unfit for duty due to excessive drinking, and had been allowed to retire in the best interests of the Navy. His Navy record stated that this drinking problem adversely affected his judgment, reliability, and personal behavior. This weakness had been discussed to no avail with IDEN on several occasions. It should be noted that domestic inquiries developed no indication of over-indulgence since his departure from the military in October 1964.</p> <p>Additionally, it was developed that IDEN's brother ⁰⁶ [Bartholomew, aka: Bart] was the subject of an FBI investigation in 1941, which was conducted to resolve allegations regarding the loyalty of IDEN's brother. IDEN's brother was determined to have been associated with known Communists and was active in Communist matters in the Los Angeles, California area during this period of time. However, it was noted that these activities had caused a break with this individual and his family, who were not in sympathy with his viewpoints and activities. There was no information developed during the course of this investigation which indicated any association between IDEN and his brother.</p> <p>2. Investigation has recently been completed with generally favorable results. However IDEN's military file indicated that he had been found unfit for duty due to excessive drinking, and had been allowed to retire in the best interests of the Navy. His Navy record stated that this drinking problem adversely affected his judgment, reliability, and personal behavior. This weakness had been discussed to no avail with IDEN on several occasions. It should be noted that domestic inquiries developed no indication of over-indulgence since his departure from the military in October 1964.

Additionally, it was developed that IDEN's brother [Bartholomew, aka: Bart,] was the subject of an FBI investigation in 1941, which was conducted to resolve allegations regarding the loyalty of IDEN's brother. IDEN's brother was determined to have been associated with known Communists and was active in Communist matters in the Los Angeles, California area during this period of time. However, it was noted that these activities had caused a break with this individual and his family, who were not in sympathy with his viewpoints and activities. There was no information developed during the course of this investigation which indicated any association between IDEN and his brother.
