c. Ramparts' Tours - New York Media Workshop's Womens' Tour: Acting on a suggestion proposed by Mr. Jason Horn, CI/SO, the undersigned raised the subject of the Women's Tour which is scheduled to visit London, Paris (where they will meet the DRV peace delegation) and Rome from 27 May - 25 June 1972 with (M) 7 and instructed her to attempt to determine the interest in, and likely composition of, the New York group and explore the possibility of joining such a group. (M) 7's first reaction to the tour was that the cost (\$699, which price includes airfare, trains, hotels, etc.) was too high. It was explained to her that the cost factor should not deter her from following through. It was then that (M) 7 voiced some concern that the timing of the tour may interfere with her own PCS departure (we had been talking in terms of mid-May or June 1972 up to this point). It was made clear to her that no fixed date has been established as yet for her PCS departure and that the aforementioned tour may well prove to be of operational interest, e.g. meeting the DRV delegation and continuing the staging process prior to her actual departure. (M) 7 said that she understood and would look into the matter. She did not believe she would have any difficulty in covering for funds should she find herself included on the tour.

d. South East Asia Reports (SEAR): (M) 7 produced a copy of the first issue of SEAR, a bi-weekly newsletter put out by the New York University Students Mobilization Committee, Box 59, Loeb Student Center, 566 LaGuardia Place, N.Y.C. 10003. (M) 7 is listed as one of **five contributing staff members on the back page** of this mimeographed new left publication. A copy of this first issue is attached hereto. One of (M) 7's articles will appear in a subsequent issue of SEAR.

e. JBMINIMUM Testing and Training: As part of (M) 7's covert training and assessment in anticipation of her foreign assignment, the undersigned arranged for two members of the Psychological Assessment Branch, TSD (Messrs. DeMarco and Saunders) to administer a JBMINIMUM test to her and to brief her in the use and value of the JBMINIMUM test in a field situation. This training and briefing took place on 18 February in a safehouse in N. Arlington, Va. (A copy of the JBMINIMUM assessment on (M) 7 will be made a matter of record in her official dossier). (M) 7 was introduced as "Miss Julie" to members of the PAB/TSD for purpose of this test and briefing. (Mr. Andy Ness devoted the afternoon of 18 February with (M) 7 for the purpose of continuing her training
