While no Identification Record concerning James Warren Smedley was located, the enclosed fingerprint cards concerning Smedley and Pratt may be of assistance to you in making record checks through Official Thai sources. The enclosed fingerprint cards and the copies of the Identification Record which were furnished to you by my letter dated November 21, 1969, may be utilized by you in checking Official Thai sources concerning the individuals mentioned above. In making such checks, you must insure that the Thai officials clearly understand that it is your Agency which is making the record checks and that such checks are not in any way being made for this Bureau.

Enclosures - 2

NOTE:

Central Intelligence Agency (CIA) previously checked the names of Pratt, Jackson, and Smedley through Bureau files. CIA has advised that Pratt had reportedly attempted to get people out of Vietnam into Laos where these people could be trained and shipped to the United States to assist in the "Black Movement." By memorandum dated 3/10/70, CIA furnished additional identifying information concerning Jackson and Smedley and requested copies of fingerprint records. CIA requested to be advised if those records could be provided to Official Thai sources in order to facilitate checking certain Thai records which would otherwise be unavailable.
