Panamanian Repressive Measures against Cuban Exiles

ACTION: See para 5.

1. A compilation of information reported by Station penetrations of the local service (i.e., HYPOCH-5, HYPOCH-11; HYRAVEN-11) indicates that the local security service is assuming an increasingly hostile posture against Cuban exiles traveling to Panama. The reporting sources coincide in their information that this attitude is directed primarily against Cuban exiles residing in Miami. It appears that this development may be the result of the reporting of HYGRUFF-1's agent in Miami, Salvador ALDAREGUIA. ALDAREGUIA continues to report from Miami alleging cooperation between Cuban exiles and Panamanian exiles in Miami who are opposed to the regime of General Omar TORRIJOS Herrera.

2. HYGRUFF-1 recently submitted a watchlist of Cuban exiles to Tocumen International Airport (TIA) and other Panamanian ports of entry ordering the recipients to deny entry into Panama to all those persons on the watchlist. HYPOCH-5, the most alert of all Station penetrations commented that in his opinion the list contained Cuban Embassy input because his service did not have the capability to collect sufficient data on all the persons listed to be able to make a meaningful evaluation of which ones are dangerous. The Station has not been able to confirm HYPOCH-5's suspicions.

3. For the record, the Cuban exiles on HYGRUFF-1's watchlist are the following:

4. Of the persons listed above, MCNERTNEY knows Orlando GARCIA Vasquez well. GARCIA was born in Cuba, became a naturalized U.S. citizen when he fled from Cuba to the United States. He eventually settled in Venezuela where he became a close friend and confidant of Carlos Andres PEREZ, now president of Venezuela. Aside from Venezuelan diplomatic posts he has held abroad he was at one time Chief of Operations of DIGEFOL. MCNERTNEY commented that if the Panamanians ever had the temerity to mistreat GARCIA that PEREZ' reaction against TORRIJOS would undoubtedly be fierce.

5. We defer to Headquarters to name check these individuals, ascertain if BILERAL has any operational interest in any of them and advise the responsible component to take precautionary measures in the event any movement of these individuals involves travel to or transiting Panama. In exploiting this information please protect the sources.

COURSE OBJECTIVE AND CONTENT

This course is designed to train indigenous personnel in paramilitary resistance activities and intelligence collection operations in denied areas. Approximately 70% of the student's time is devoted to practical work and field exercises and 30% to the theoretical aspects essential for a logical understanding and application of training covered during the course.

PERFORMANCE EVALUATION

* U - Unsatisfactory	Performance is so low in relation to requirements of the work as to be unequivocally below minimum standards.
W - Weak	Achieved minimum standards, but less than adequate (in terms of indigenous personnel participating in the program).
A - Adequate	Has achieved the basic level required. Satisfactory, characterized neither by deficiency nor excellence.
P - Proficient	More than satisfactory. Has acquired a solid beginner's proficiency. This rating may be interpreted as representing "average" on our rating scale.
S - Strong	Exceptional proficiency, characterized by thoroughness, initiative, originality, and an exceptional student understanding and application of paramilitary resistance activities.
O - Outstanding	Performance is so exceptional in relation to requirements of the work and in comparison to the performance of other students doing similar work as to warrant special recognition.

* Modification of the Office of Training standard rating scale at the specific request of JM WAVE.

Rating takes into account trainee's effectiveness, such as performance in operational skills, tactics, techniques, leadership, planning, teamwork, motivation and limitations.

FELIPE

S-E-C-R-E-T

The ratings above, and narrative comments hereunder, are derived from a synthesis of all evaluations submitted on each respective trainee by the instructor staff.

Overall performance ratings of all students in this class were as follows:

WEAK 0 ADEQUATE 0 PROFICIENT 6 STRONG 0 OUTSTANDING 0

NARRATIVE COMMENTS

FELIPE was handicapped to some degree by his weakness in English language. FELIPE's attitude throughout the course was cooperative and congenial. His participation in lectures, plans, and field exercises suffered from a lack of concentration and thoroughness. He appeared to have only a partial grasp of many of the topics presented. He was inclined to rush a bit in planning exercises and was also somewhat hasty in his execution of field work (Mapping, Recons, tactical movement in Raid and Ambush Exercises).

In his leadership assignment, he planned reasonably well, but his execution of the plan was weak and he lacked good control of the group.

FILIPE - Filipe has had no previous demolition training but indicated he had worked with explosives against Government units. His practical work was a little sloppy, not from lack of care but because he was not able to work too well with his hands. The practical work did not show any progress from commencement to completion of the course but his placements were well made and effective. He seemed to understand all subject matter covered and always answered test type questions correctly. Whenever crimping detonators, his hands were very shaky but he did not seem to be nervous at any other time during the course. Close supervision was required when he was crimping detonators. He was a cooperative, interested student who reacted well to correction. He seemed to enjoy the training and offered several new methods of attack based on personal experience. Filipe was rated overall as proficient.

12 January 1966**Subject: Idea A**

AMILUNT/2 was interviewed and tested on 6 January 1966 at a safe site in the Miami area. The interview was requested by Reuben A. MANGUAL and it was conducted in Spanish. ASIDB/1 served as interpreter.

AMILUNT/2 is being recruited as a potential infiltration team member.

RESULTS

AMILUNT/2 has never taken part in any activity which he regarded as communist. He was a member of the 26th of July movement but did not believe it to be communist at the time.

He has not cooperated with any Castro Intelligence or Security service since leaving DIME in 1959. He has had no contact unknown to KUBARK with any Castro agents since 1960. (In this connection see WAVE 8249, dated 8 September 1962). He has no connection or agreement with the government of any country other than FEDMEX.

He is not obligated to any of the Cuban Exile groups.

He has been essentially truthful in regard to his personal history and he does not believe that he is liable to blackmail. He has not used or trafficked in narcotics.

Unless otherwise noted below, he has not told any unauthorized persons of his involvement with KUBARK.

DETAILS

AMILUNT/2 has been LCPLUTTERed by ODIBEX.

AMILUNT/2 has told his wife that he is involved with KUBARK but he has not been specific regarding his assignment. He stated that Idea B had also tried to join a KUBARK unit so he certainly knows that AMILUNT/2 is involved. AMILUNT/2 stated that other friends probably suspect but he has said nothing to confirm their suspicions.

	SUBJECT	AMOUNT/2
REFERENCE: Your Memorandum, Dated 1 October 1965 crm		

A Provisional Operational Approval is granted for the use of this Subject as set forth below.
