Dear **Mr. Richmond,**

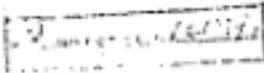

At the direction of the Deputy Director for Plans you served from 6 November to 17 November 1972 as a member of the Clandestine Service Nonofficial Cover Board Sub-Panel convened for the purpose of evaluating GS-12 Staff and Career Agent personnel under nonofficial cover. I know that this work was particularly demanding. Your full-time participation and the diligent application of your professional experience were decisive factors in the successful accomplishment of this aspect of the Nonofficial Cover Board's missions.

I wish to commend you personally for your contribution to our evaluation procedures each phase of which helps to strengthen the Clandestine Service Career Service.

A copy of this letter will be included in your official personnel file.

*Robert P. Mueller*

**MEMORANDUM FOR:** Secretary, Clandestine Service Career  
Service Board

**SUBJECT:** Recommendation for the Promotion of  
Mr. Robert P. Wheeler to GS-17

1. It is recommended that Mr. Robert P. Wheeler be promoted to GS-17.
2. Mr. Wheeler obtained a B.A. degree in Political Science from the University of California, Berkeley, in 1942 and a M.A. in International Relations from George Washington University, Washington, D.C., in 1946. He entered the U.S. Navy in 1942 and after a concerted course in Japanese served the Navy until 1946 as an Intelligence Specialist, Japanese Language Officer, and the War Department, still as an Intelligence Specialist in Tokyo, from 1946 to 1952. In September 1952 he joined the Agency for duty in Tokyo; returned to Headquarters in June 1956 where he served until 1959; left for service in Japan from June 1959 to October 1964; served ~~under non-official cover~~ in Honolulu from August 1964 to August 1966; served at Headquarters with the Office of Planning, Programming and Budgeting (OPPB) from August 1966 until January 1969, and with MPS from the latter date to the present.
3. During his career with the Agency he has been a field operations officer, liaison officer to overseas U.S. agencies and a foreign intelligence service, a supervisor, Deputy Chief of Station (Tokyo), Chief PI for a division (PS), Chief of Base (Honolulu), Program Analyst (OPPB), and Program Analyst and Group Chief (MPS).
4. In his present position as Chief of Programs Group in the Missions and Programs Staff, Mr. Wheeler is responsible for liaison between the CS and the OPPB on the PPS System and non-budgetary matters; installing the PPS System

MEMORANDUM FOR: Secretary, CS Career Service Board

SUBJECT: Recommendation for Promotion to GS-16 --  
Mr. Robert P. Wheeler

1. Mr. Wheeler stands Number Four on the Division's list of recommended promotions to GS-16. Mr. Wheeler is 47 years old and has been in grade since December 1957. Most of Mr. Wheeler's Agency career has been devoted to the Japanese scene although he served one tour most commendably as Chief PI for the FE Division. He is now Deputy Chief-of-Station, Tokyo, and is an operations officer and executive of the highest quality. In addition to bearing a very large share of the administrative burden of a big station, Mr. Wheeler has acquired a collection of Japanese friends and contacts in important governmental and business circles unequalled, I believe, by any other member of the official American community in Tokyo. Although he has exploited these contacts most effectively for Agency and U.S. Governmental purposes, it is the plan of the FE Division to give freer rein to Mr. Wheeler's operations in this field by arranging, carefully and deliberately, **unofficial cover** for Mr. Wheeler which will permit him to devote a greater share of his time to the exploitation of this most important section of Japanese society. We believe that his very considerable talents as an administrator can be adequately replaced but that his standing among the Japanese and his capability for operational exploitation of his advantages are unique. I believe that Mr. Wheeler can well be considered to be the prototype of the high ranking staff officer who can forego bureaucratic advancement for a purely operational career under deep cover in one area.

2. On the basis of his proven ability and past performance as well as his seniority I believe Mr. Wheeler to be fully qualified for promotion to GS-16.

TO Chief, FE  
 FROM Chief, Japan Base, Tokyo ZJK.  
 SUBJECT [GENERAL] Administrative/Personnel  
 SPECIFIC [REDACTED]

DATE 30 November 1955

INFO: CGO/IA

*Mr. Richard D. Wheeler*

1. Attached is a rotation date sheet on [REDACTED].
2. As you will note [REDACTED] lists as his first choice return to Japan Base.
3. While it is realized that [REDACTED] has not had a regular tour at Headquarters, Japan Base concurs in [REDACTED]'s request, provided it does not hinder his career. This concurrence is based on the fact that Japan Base will be losing by next summer several of its key personnel who have contributed much to the operations of the base. Those include SHIMBO, MURAKI, possibly CAPASMO and others.
4. [REDACTED] has a unique knowledge of the Japanese scene, speaks the language and has a continuity of service that makes his service invaluable.
5. During the next couple of years as this base gradually reduces in size, and while the Japanese are still in a receptive mood it is felt that much can be accomplished through our liaison efforts. It is therefore felt that [REDACTED]'s experience can be to the maximum benefit to HQNSWAK by his return here for another tour.
6. In order to assist this base in its planning, an early answer will be appreciated.

*Frank J. Cook, Jr.*

Chief, Japan Base, Tokyo

Official Title: Chief of Base

Assignment: DDP/DOD/USS

Current Station: Honolulu, Hawaii

Appointment: Career

Reporting Period: 1 April 1965 - 31 March 1966

1. During the past year it has clearly emerged that the Honolulu area offers very limited opportunities for CS operational action. The main target of a Honolulu base, as originally conceived by FE Division, was the East-West Center with its large number of Asian students. Although, during the 1964-65 academic year several prospective candidates for the WUEENVOY program were assessed and one recruited, political developments in Southeast Asia prevented the arrival of any students at the Center from the priority Southeast Asian countries: Burma, Cambodia, Indonesia.

2. It is against this perspective that Subject's performance during the past year should be evaluated. He approached his job with enthusiasm and vigor but soon found that there were no tangible operational activities he could devote himself or his supporting agents to. He has been frank to state officially and unofficially the absence of any targets to which an operational base could direct itself and has therefore been relatively unoccupied during this period except for an occasional item of local coordination or follow-up on a headquarters task. Subject has had under his direct supervision a long-term Staff Agent at the University of Hawaii and two Staff Agents assigned to the

**University as students** for the current academic year. He has handled them well and has done his best to maintain their morale in spite of the fact that there were only a few specific targets on whom they could systematically work.

3. Subject is a mature, experienced and energetic officer with both operational and scholarly interests in Far Eastern, especially Japanese, affairs. His talents are obviously being wasted in Honolulu and arrangements have already been made to have him reassigned. The base itself will be phased down in the summer of 1966 **with two of the three Staff Agents reassigned, the long-term Staff Agent kept on at the University, and a more junior officer replacing Subject as COB.**

4. Subject has displayed an economical approach to the use both of funds and personnel.

5. In view of the limitations, outside his control, on operational activities in Honolulu, Subject's performance has been more than satisfactory and is rated as proficient.

GS-15

Deputy Chief of Station

Tokyo

Annual Report For the Period 1 April 1963 - 31 March 1964

667-7

In preparing this memorandum in lieu of submitting Fitness Report Form 45, I can only set forth my yearly reiteration that Subject is a senior, well-experienced, well-motivated, high caliber KUBARK officer who has been in his present grade, GS-15, since 1957. His high standard of contribution to the Station as its Deputy Chief of Station continues unfailingly. Tokyo Station operations encompass a broad spectrum of internal and external targets emphasizing denied area operations. To keep on top of this activity it needs a man of energy backed up by sound operational knowledge and Subject has carried this job capably and with a will. I would certainly grade him "S" in performance evaluation.

Tokyo Station is widely dispersed and I have urged Subject on several occasions to get out to the various operational elements in an attempt to get closer to and stimulate the working case officers. After one or two starts he has not kept this up on a continuing basis, remaining at his Embassy desk and invariably working through the individual branch chiefs. I am convinced more effort on his part in this field could have resulted in more yield to the Station from his long area and operations experience.

Subject actively participates in the operational review and budget preparation of the Station and has shown a definite cost consciousness.

Subject's long tenure in Japan and experience with things Japanese are well-known and the pro's and con's of the value of an officer remaining in one area for the major portion of his time with KUBARK (possibly to the detriment of his career) have been discussed to a sufficient degree as to rule out further reference in this memorandum. Subject is scheduled to leave the Japan Station and enter an assignment where his operational talents will be of great value.

In any considerations concerning Subject being conducted by any personnel board or by any official of the Agency interested in KUBARK personnel, the significant points are Subject is a deeply motivated, highly capable officer who has been in his current grade too long.

Supplement to Staff Agent Personnel Action

For [REDACTED], Effective 25 October 1964

Mr. [REDACTED]

Dear Mr. [REDACTED],

In view of your **contemplated cover** assignment, you have been designated a Staff Agent. The purpose of this Supplement is to call your attention to existing policies which are particularly material to you while you are so designated and to set forth certain obligations incident to your status as an appointed employee.

1. Payroll Administration. As indicated in your Staff Agent Personnel Action, your present salary and grade are \$20,245.00 per annum and GS-16<sup>3</sup>, respectively. As an appointed employee of the Government you are entitled to receive and retain only the salary, allowances and other benefits applicable to that status. However, procedural variations will be followed to preserve the security of your position.

(a) The gross emoluments that you receive from your **cover** activities will be retained by you as an offset against the gross emoluments due you from this organization. If **cover** emoluments ever exceed those due you from this organization, the overage is to be remitted to this organization on a monthly basis, unless a different period is specified.

(b) Federal income taxes will be withheld, reported and paid in conformance with Agency procedures designed to protect against the unauthorized revelation of your true **relationship to the Government**. You will be briefed thereon prior to your departure.

(c) This organization will deduct from the gross payments due you an amount equivalent to six and one-half percent (6 1/2%) of your gross salary for contribution to the Civil Service Retirement Fund. This amount will be deducted from the differential due you by this organization. If there is no differential or if it is insufficient, you will be required to make direct remittances to this organization in satisfaction of the required contributions.

(d) This organization will not reimburse you for mandatory Social Security deductions if such deductions are required by virtue of your **cover** employment. However, when for compelling **cover**, security or operational reasons this organization determines that you must ostensibly participate in a fringe benefit program of a **cover** facility you will be reimbursed therefor by this organization in an appropriate manner. In such event any benefit received by you, your heirs or any other party as a result of your ostensibly participation therein while a Government employee is the property of the Government and will be disposed of at such time and in such a manner as this organization may require.

SECRET

2. Furnished Quarters. If you and your dependents are furnished quarters by the Government while PCS Honolulu, Hawaii, you will be charged a reasonable rental therefor, as established under the Hawaii rental rate schedule of this organization.

3. Secrecy. You will be required to keep forever secret this Supplement and all information which you may obtain by reason hereof (unless released in writing by the Government from such obligation), with full knowledge that violation of such secrecy may subject you to criminal prosecution under the Espionage Laws, dated 25 June 1948, as amended, and other applicable laws and regulations.

4. Place of Assignment. This Supplement is predicated upon an assignment in Honolulu, Hawaii, under nonofficial cover. Any deviation therefrom will require a new supplement or an amendment thereto.

Supplement to Staff Employee Personnel

Action for Integration of Robert F. Wheeler

Effective 8 May 1952

The purpose of this memorandum is to call your attention to existing policies which are particularly material to you while you are integrated and to set forth certain rights and obligations which are incident to your status as an appointed employee. It is hereby agreed and understood that:

1. As an employee of this organization, at the present grade and salary of GS-15 \$12,350 per annum, you will accept cover employment with another instrumentality of the Government (hereinafter referred to as "your cover facility") effective as of 8 May 1952. You will, insofar as consistent with your basic responsibility to this organization, abide by all the rules, regulations, practices and policies of your cover facility, in order to appear as a conventional member of that establishment. Your appointment to your cover facility is being effected at ESY-1 and salary of \$11,400 per annum. You are prohibited, except as specifically authorized herein, from retaining emoluments paid by your cover facility.

2. It is understood and agreed that the minimum period of your overseas tour of duty is governed by and coincident with the prescribed tour of duty of your cover organization. Currently, your prescribed tour consists of a period of 2½ months from the date of your arrival at your overseas post of duty. Your assignment may be terminated earlier for the convenience of this organization and the length of your tour of duty, as currently specified, may be unilaterally changed by this organization in order to conform with subsequent changes in the prescribed tour of your cover facility. If you request termination of your overseas assignment solely for your own convenience, unless it is for circumstances that are considered by this organization to be beyond your control or if you are terminated for cause under the regulations of this organization before you have completed the minimum period of service prescribed above from the date of arrival at your overseas post of duty, you will not be entitled to return travel or transportation for yourself or your dependents to the United States at Government expense. If you request termination of your overseas assignment solely for your own convenience, unless it is for circumstances that are considered by this organization to be beyond your control or if you are terminated for cause under the regulations of this organization before you have completed one (1) year of service from the date of your arrival at your overseas post of duty, you will be required to reimburse the Government for all of its expenses for your travel and transportation, and that of your dependents, from the continental United States to such overseas post of duty.

RCM 1535

SECRET

SECRET

3. Travel to your post of duty overseas and your return travel to the United States, as well as travel performed overseas which is consistent with your cover designation, will normally be at the direction of your cover facility. Such travel will be accomplished in conformance with applicable regulations of your cover facility except when you are directed for operational reasons to perform travel in accordance with the regulations of this organization.

4. Salary and (except as provided in paragraph three (3) above) allowances paid by your cover facility shall be retained by you to the extent that they are less than or equal to the salary and allowance payments due on the basis of your grade level with this organization. If such cover payments are less than the amount due, the difference will be credited to your payroll account with this organization. If such cover payments exceed the amount due, the overage will be remitted to this organization at designated intervals, presently (months if applicable). Computations hereunder will be made on the basis of the aggregate grosses due and received provided, however, that in computing remittances for overage Federal and, if applicable, District of Columbia income taxes withheld by your cover facility against the overage may be deducted. To assure timely accuracy in your payroll account with this organization you are expected to immediately report cover facility payroll changes.

5. Your status as an employee of this organization will continue in full force and effect during your period of duty with your cover facility and you will continue to be entitled to all rights, benefits and emoluments of such status. Certain variations in procedure will be required, however, to preserve the security of your cover position.

a. Upon integration into your cover facility, you will continue to be covered by the provisions of the Civil Service Retirement Act, as amended, and at your personal expense you will be subject to payroll deductions for retirement purposes (now six and one-half percent) on the basis of your cover salary or your salary from this organization whichever is the greater.

b. If you receive taxable income from both your cover facility and this organization, necessary adjustments for Federal, and if applicable, District of Columbia income tax purposes will be made in conformance with instructions received from this organization.

c. Consistent with your cover activity, you will continue to be responsible for compliance with the rules and regulations of this organization.

d. You are not assured upon the completion of your period of duty with your cover facility of any status with your cover based on your services performed with that organization at the request of this organization.

SECRET

SECRET

e. A portion of your annual and all of your sick leave which has accrued to your credit at the time of your integration shall be transferred to your cover facility. The remainder of your annual leave will be held by this organization in escrow pending the completion of your integration. If the sum of your accumulated annual leave with your cover facility and this organization exceeds the maximum accumulation entitlement afforded you under the regulations of this organization, the excess will be forfeited. If possible, such forfeiture will be accomplished by reducing the leave credit in your escrow account with this organization. While integrated, you will be permitted annual leave, sick leave, home leave, and leave without pay in accordance with the regulations of your cover facility in lieu of the leave benefits of this organization. Upon completion of your integration, your accrued annual and sick leave will be transferred to your credit with this organization. If security conditions require that your cover facility make a lump-sum payment for accrued annual leave, you will be required to pay the gross amount thereof to this organization including income taxes withheld by your cover facility.

6. You will be required to keep forever secret this agreement and all other information which you may obtain by reason hereof, unless you are released in writing by this organization from this obligation. Violation of such secrecy may subject you to criminal prosecution under the Espionage Laws, dated 25 June 1948, as amended, and other applicable laws and regulations. The termination of your employment with this organization will not release you from the obligation of any security oath you may be required to take.

ATTACHMENT TO FIELD REASSIGNMENT QUESTIONNAIRE

Re Paragraph C - Preference for Next Assignment:

1. I would like to state that while a tour at Headquarters should be my preference I believe that for me to leave my current assignment at this time for even one year would not be in the best interests of either KUWIK or O'DYKE. Therefore, I request home leave, with approximately one month at Headquarters for requested training and refresher work and one month of leave, returning to current assignment for at least an additional two-year tour with the proviso that after the first year the situation be re-examined with the ultimate view of possibly at that point considering a two-year tour at Headquarters.

2. In my years in work on Japan, approximately ten of which have been spent consecutively in Japan, I feel that I have been able to provide a certain degree of intelligence continuity which could be spoiled by a two-year break. Realizing that career-wise I should spend at least one tour at Headquarters in the future, I believe that, despite possible reflections against my career, that two year period should be delayed until (a) KUWIK is better established in Japan and (b) the Japanese governmental and economic situations are on more stable grounds. I believe that I can play a major role in both those situations, not because I have any special talent to offer but simply because I have the continuity which KUWIK as such lacks in Japan.

3. I believe that by experience, training and inclination I can better serve KUWIK in this country in the type of work in which I am now engaged than by any other assignment currently known to me.

NARRATIVE EVALUATION REPORT

Report # 44-00000  
Date: 2023-06-14

Period Covered: 1 June 1953 to 1 June 1954

Occasion for report: Annual X; reassignment of reporting officer \_\_\_\_\_; proposed reassignment of employee reported on \_\_\_\_\_; covering initial 90 days of employment \_\_\_\_\_.

Employee is to be rated upon following factors:

1. Knowledge of the job being performed.
2. Judgment in arriving at logical and workable solutions.
3. Dependability, not only in being on the job, but in accomplishment of assigned tasks within reasonable deadlines.
4. Stability under pressure and ability to adjust to changing conditions and circumstances.
5. Imagination, initiative, and originality.
6. Security consciousness.
7. Tact and diplomacy in dealing with others.

**IN FAIRNESS TO EMPLOYEES, COMPLETED NARRATIVE EVALUATIONS  
SHOULD BE DISCUSSED WITH EMPLOYEE CONCERNED**

1. Employee is well qualified in substantive fields concerning Japan and the long background of SOG intelligence activity in this area. This knowledge serves him exceedingly well in the performance of assigned duties. What knowledge he lacks concerning KUBARK policies or procedures is fast being supplied by practical field experience.
2. His judgment at arriving at logical solutions is good under normal conditions, and he generally comes up with solutions which are workable and realistic.
3. He is completely dependable and is particularly sensitive to deadlines, which he makes almost a fetish of meeting. In every sense of the word, he is a man of action in terms of treating with the recurring problems of the station.
4. Employee is somewhat excitable and emotional and, thus, at times of unusual pressure, he may require a steady hand. This is not a serious fault and is one concerning which the employee is aware. He adjusts well to changing conditions and situations.
5. His imagination, initiative, and originality have shown time and again in his dealings with Army personalities in SOG with whom he has maintained excellent relations on behalf of this Station.

DISPATCH NO. FJJA-1279

**SECRET**Security Information  
CLASSIFICATIONTO : Chief, FE  
Through: Senior Representative, Tokyo  
FROM : Chief, JCU/

DATE: 17 AUG 1953

SUBJECT: GENERAL Administrative - Personnel

SPECIFIC: ~~RECOMMENDATION~~, Commendation of  
Mr. Robert F. WHEELER

1. The purpose of this dispatch is to make a matter of record the excellence of performance of duties demonstrated by ~~WHEELER~~ over the period of his first ten months of assignment to JCU.
2. During that time ~~WHEELER~~ has shown himself to be a valuable addition to KUBAHK as a whole and a great asset to this particular station. As JCU Chief of Staff, he has performed innumerable tasks in the operational, intelligence and support fields with effectiveness and dispatch. His aggressiveness, imagination and initiative in spite of recurring frustration have been an inspiration to all members of JCU. His diligence and selflessness have set an example throughout the ranks. From the first day of his arrival in JCU, ~~WHEELER~~ has dedicated his every effort to improving the efficiency and broadening the capability of the station.
3. ~~WHEELER~~ should be especially commended for his unceasing efforts in connection with the provision of new office space for this organization. Working tactfully but aggressively through the Army hierarchy here in Tokyo, he was able to accomplish many concessions of direct benefit to JCU which would have been most difficult to obtain through official channels.
4. Special mention should also be made of the excellent progress ~~WHEELER~~ has made in the fostering of truly cooperative and productive relationships with the various intelligence elements of the Far East Command. Capitalizing on a wide range of friends and former associates and combining a large portion of common sense and patience, ~~WHEELER~~ may be credited with the development of highly profitable JCU relations with military organizations in the area.
5. ~~WHEELER~~ has shown no task to be too large or too small to deserve his range of energy and talent. He has been a vital factor in the accomplishments of JCU to date.

I believe in my 15 yrs gov't service, Navy, Army Civilian and CIA, I have acquired a fair degree of competence as a manager, executive. In all three agencies I held increasingly responsible managerial positions. For my CIA reference, please recall two yrs ago, I was General Agent, classified liaison activities, supervised a variety of offices, etc., and have worked in joint agency F-4 and DIA staff assignments which proved last into fairly close affinities.
