<p>1. As stated in the reference, AMGAME-1 claims that Guitart has relatives living in the U.S. The ANOTS were asked for any information they might be able to provide on such relatives. Forwarded herewith is a copy of OTA-3909 with information available to the ANOTS on the two individuals they believe to be Guitart's half brothers, Agustín Guitart Campuzano and Miguel Antonio Guitart. Also included is information on Guitart's mistress, Mar Juárez Fernandez. There are no Station traces on either of the brothers.</p> <p>2. Station traces on Mar JUAREZ Fernandez indicate that she is the head of the Ichthyology Department of the Oceanographic Institute. In February 1967 a refugee source reported her to be the assistant to Guitart in the Plankton Department of the Oceanographic Institute of the Cuban Academy of Sciences, and one of the founders of the Institute of Oceanology. She had formerly been a professor of biological sciences at the University of Havana. In 1966 she was given a UNESCO scholarship to study in an unidentified European country but the Cuban Government did not give her permission to leave the island. In 1966 she was nominated to attend a convention in the USSR but again was not given permission to leave Cuba. She has been opposed to the regime since 1963 and was anxious to leave Cuba.</p>

2. Please, note that Agustin and Miguel Antonio have the matronymic Campuzano while Subject's matronymic is Manday or Mandey. This makes us believe that they are half brothers (children of the same father). Also note that reports indicate that Subject was born around 1923 while Agustin and Miguel Antonio were born in 1910 and 1908 respectively. Their difference in age is around 13 years. Agustin and Miguel Antonio were reported as being brothers of Dario GUITART Mandey by Orlando JAMBU Fernandez (A17 362 397). On 20 May 1966, JAMBU provided data to prepare a Summary of Information on Dario GUITART Mandey. In this Summary (we are

OTAS 009

attaching a copy in Spanish). JAMBU identified Agustin and Miguel Antonio as Agustin and Miguel Antonio GUITART Mandey. He did so probably because he did not know that they are half brothers who have different matronymics. We are certain that the individuals reported by JAMBU are Agustin and Miguel Antonio GUITART Campuzano because they have the same occupations.

3. We are also forwarding a copy in Spanish of a summary of information on Mar JUAREZ Fernandez who has been identified as Dario's mistress and as head of the Department of Ichthyology of the Institute of Oceanology.

4. In our opinion, Agustin and Miguel Antonio GUITART Campuzano could provide information on Dario and explain whether they are half brothers.

New Orleans, Sep. 23 de 1963

Sr. Ramon Camayd,
Holguin, Cuba.

Mi distinguido amigo:

No sabe Ud. bien quanto le agradezco su carta y las noticias que me da de toda la familia. Yo la lei con algunos dias de retraso porque estuve de vacaciones durante casi tres semanas, fuera de esta Ciudad, y cuando regrese pase por la casa de la mama de Diana para recogerla.

No gusta su estilo porque Ud. tiene facilidad para describir el caracter de las personas que lo rodean y tal me parece que està viendo a quienes Ud. describe y a quienes se refiere en sus cartas; cuando por cualquier tipo de circunstancias uno se ve lejos de la Patria, las cartas de los amigos y familiares representan o producen la mejor de las emociones que se pueden sentir. Por esa razon le agradeceria muy mucho que no perdiera la costumbre de escribirme cuando sus compaÒones se lo permitan; puede seguir haciendole a la direccion de la Mama de Diana, poniendo en el sobre "para fin" que es como cariñosamente ellos me conocen. Resulta un verdadero placer conocer del progreso y del desenvolvimiento de la gente que uno estima y quiere, aunque sea por carta. Cuide de su salud pero no se preocupe mucho porque la enfermedad que Ud. padece es transitoria y dado el tratamiento que Ud. dice seguir, temgo la seguridad de que pronto se sentira se sentira bien de todo.

Un saludo afectuoso para toda su familia y Ud. sepa que le aprecia de veras su amigo,

Agustin.

August 3, 1963

Dear Dr. Guitart,

Please excuse my writing in English but I find myself short of time and it is quicker if I write in English.

I am returning herewith the papers you forwarded to me and am also enclosing a visa waiver for **Dmisy GUITART Fox.** Visa waivers are of little value these days because of various restrictions that have arisen in connection with travel to the United States from Cuba via another country. This situation I will discuss with you when I am in New Orleans which I expect will be during the week of 12 August 1963.

You mentioned that your son, **Jorge**, might contact me. To date, he has not called so I trust that there has been no need on his part to see me.

Since I have received no word from you I suppose Rene has not yet answered your letter. Let us hope that we hear from him soon.

I would like to discuss with you the possibility of contacting your friend **Sr. Camayo** of **Holguin**. Perhaps by the time I arrive you will have had some good ideas on how best to carry this out. I'm looking forward to seeing you and will call you as soon as I arrive in order to make an appointment to see you.

Best regards,

Carl Teels

New Orleans, Jun-25-63

Dear Mr. Tellez:

Possiblemente mi hijo Jorge, que vive en Washington, solicitará una entrevista con V. y le consultará un problema que él tiene; me agradaría que V. pudiera ayudarlo. El sabe que V. y yo somos amigos y más ras; con esto quiero decirle que él no sabe cuál es el motivo de nuestra conexión.

Hoy recibí una carta de mi pariente en Santiago de Cuba y me dice que (su carta tiene fecha Junio 13) que la última que recibió de mi parte tiene fecha 25 de Marzo; ésto significa que las cartas de aquí para allá están demorando mas de los diez días que suponíamos; es posible que las cartas que salen de esta ciudad vayan primero, para Miami y de allí sean remitidas a Cuba vía Mexico; ésta es una suposición mía ya que yo he escrito varias cartas para Santiago de Cuba con fechas posteriores al 25 de Marzo y anteriores a Junio 13 y no se explica el por qué de la demora. Si V. sabe de alguna forma para que la correspondencia vaya más rápidamente, podríamos utilizarla.

Como le decía en mi carta de ayer, aquí le incluyo las visas de mi hijo y de su familia; me refiero al hijo mío que vive en Cuba; en su última carta él me dice que ya solicitó el pasaporte de la más pequeña de sus dos hijas, que nació el 13 de abril de este año y cuya visa waiver fue solicitada por mí hace cuestión de un mes, poco más o menos.

Tengo informes acerca de que la Cruz Roja Internacional es la entidad que hace gestiones y que ha logrado el traslado de muchos refugiados cubanos desde la Habana; de no ser por conducto de esta organización sería necesario obtener del Departamento de Estado (Washington) una autorización para que mi hijo y su familia lograran que las visas waiver que poseen les sirvan para trasladarse desde México a los Estados Unidos. Con esta autorización, creo que sería fácil obtener de las autoridades mexicanas visas de transito por México.

De todos modos le estaré muy agradecido por las gestiones que V. haga para lograr el traslado de mi hijo y su familia que está compuesta de las siguientes personas:

Agustín Ramón Guitart Toro	
Daisy del Carmen Fox Padron	(Esposa)
Maria Elena Guitart Fox	(hija mayor : 17 meses de edad)
Daisy Guitart Fox	(hija menor : 2 " " "
Carlos Fox Moyal	(cuñado o father-in-law)
Irma Fox Padron	(cuñada o sister " ")

Domicilio en la Habana: Calle 68 No. 1514 entre 15 y 17, Marianao, Habana, Cuba.

Dear Dr. Guitart,

Adjunto hay dos hojas de papel que contienen el mensaje especial para Rene. Usted se fijara que hay una letra "I" en lápiz en un lado de cada jun de las dos hojas. La carta que usted va a escribir para Rene debe ser escrita en el lado del papel que contiene la letra "I." No escriba en el otro lado del papel. Su carta debe ser escrita con maquina, lápiz o bológrafo. No escriba con pluma y tinta comun.

Por favor, asegure que su carta sea normal y amistuosa. La carta no debe incluir algo que tenga doble sentido o que de sospecha que Usted esta tratando de impartir un mensaje ademas de lo que usted actualmente ha escrito en su carta. Siempre es mejor seguir con discusiones sobre asuntos familiares - hijos, parientes, planes de vacaciones y otras temas personales.

Siempre que la carta sea normal en apariencia ya el sobre dirigido en forma normal, todo estara bien.

Estoy anclioso de tener noticias de Rene como lo se que Usted tambien. La carta la ruego que el escriba a su nueva "sobrina", **Lillian Martinez, 4517 Walmaley St, New Orleans.** Supongo que Usted le advirtio a **Lillian** que espere una carta de Rene, que no va usar su propio nombre en la carta o como remitente. Por favor pidale a **Lillian** que no abra la carta. Tambien, hagame el favor de remitir la carta a mi sin abrir. De esta manera nuestro laboratorio podra hacer un examen si la carta fue molestado o no. Tan pronto que nuestro laboratorio desarrolle el Mensaje, le mandare copia de la carta y mis comentarios. Mientras tanto si Usted tiene algunas ideas sobre su amigo en Holguin por favor escríbeme de el para que yo, tambien, pueda empeñar con mis planes. Dr. Guitart, ha sido un gran placer para mi por haberlo encontrado y tengo confianza que encontraremos nuestra relacion mutuamente productiva. Al fin de todo, nuestras metas son las mismas y podremos asistir uno al otro para llegar hacia ellas. Espero ancliosamente nuestro proximo encuentro y noticias de Rene. Otra vez, mi agradecimiento por toda su ayuda. Mis mejores recuendos a Usted y a toda su familia.

Sinceramente,

TO

New Orleans 25, La.

Dear Dr. Guitart,

Thank you for your letter about the man who arrived from Cuba shortly before my last visit to New Orleans. I appreciate your having taken the trouble to write.

Since I have nothing from you concerning Rene, I assume that Rene has not written to the address provided him in "our" letter. Should you receive something, please call me collect immediately and forward the letter via Air Mail to me. My office telephone number is Washington, D.C. **356-9374.**

Within three weeks of today, I expect to be in New Orleans and will call you soon after arriving to arrange a meeting at a convenient time.

Best regards,

Memorandum

TO : Chief, Contact Division
Attn: Support Branch (MSSum)

FROM : Chief, New Orleans Office

SUBJECT: Appointments Made for Carl Tuels with Augustine GUITART Camuzado,
Elio VALDES, and **Arturo Finlay**

Ref. : Cases 40705, 40191, and 92267/memorandum from MSSum - dated 4 Jun 53

DATE: 7 June 1963

1. In accordance with your request of 4 June 1963, we have arranged for Carl Tuels to interview Dr. Augustine Guitart Camuzado, Elio Valdes, and **Arturo Finlay** in the New Orleans Field Office on Wednesday, 12 June 1963. The following are the hours set for these interviews:

- a. 10 AM, **Arturo Finlay**
- b. 1 PM, Dr. Augustine Guitart Camuzado
- c. 5 PM, Elio Valdes.

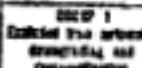

Valdes and Guitart expressed the hope that the interviewer would speak Spanish. **Finlay** seems to understand a limited amount of English, but speaks it only haltingly.

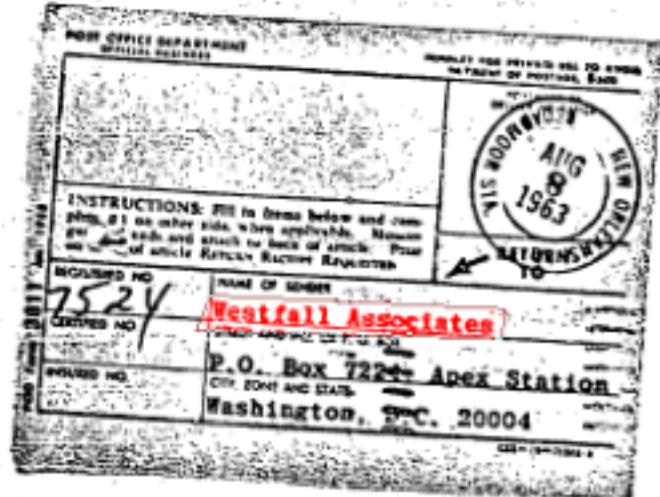

2. We will arrange for Mr. Tuels to call at the local FBI Office during his visit next week.

MEMORANDUM FOR THE RECORD

SUBJECT: Contact Report, Meeting with Dr. Agustin Guitart
DATE : 12 June 1963
PLACE : OO Office, New Orleans
PRESENT: Subject and Gerald R. Lapaley as Carl Teels

1. Dr. Guitart turned out to be an energetic little man with considerable background in revolutionary/political activities. During the reign of Machado he spent about 17 months in the Isle of Pines prison for his anti-government activities. He has also been active more recently in anti-Batista and anti-Castro activities. After explaining our present needs for current intelligence, Dr. Guitart suggested that we try to establish contact with his uncle, Rene Guitart. Rene is the youngest brother of his father and was always rather close to Dr. Guitart. Rene Guitart is a Santiago businessman. He formerly represented a number of Canadian firms and perhaps other firms as well but now has only one account that Dr. Guitart knows of. This is for the Pillsbury Flour Company of Canada. Rene had business agents in various cities of Oriente province and is very well acquainted with the entire area and, naturally, has a very wide circle of friends and acquaintances. Dr. Guitart said that he had, by indirection, asked Rene to provide him with information about military construction at the port of Banes. He expects to receive Rene's report on the subject in the near future and promised to send me a copy of it. Dr. Guitart felt sure that he could, by indirection, convey to Rene the means for developing the SW system number 99. These directions will be relayed in two letters to be dispatched at one week intervals. A third letter will carry the SW text.

2. Guitart said that he could receive the letters at the home of a friend using the name of one of his friend's daughters. The address is **Lillian Martinez, 4517 Walkley St., New Orleans 25, La.**

3. Dr. Guitart wrote the first two letters that same evening and brought them to my hotel Friday evening. Since Dr. Guitart is an energetic man I believe our contact with him will produce more than one recruitment attempt. He spoke of another family that he knows in Holguin and said that he would try to determine their present address and think of ways to contact them.

Remarks: George - regarding our conversation about visa waivers. The man that requested the visa waiver was Dr. Agustin Guitart. He directed his request to Hugh N. Whitaker, Acting Chief, Public Inquiries Branch, Visa Office, Dept of State, Washington. Dr. GUITART requested the visa waiver for his grand child, Daisy GUITART Fox, born March 1963. Daisy's father's mother and sister already have the visa waivers. If possible, I would like to obtain the waiver for Daisy GUITART as a friendly gesture to Dr. GUITART. I know it won't be worth much but will be of some value in our dealings with Dr. GUITART anyway.

Dear Carl:

This sounds funny but in order to keep the subjects in separate letters I am starting this one. I want to get this one out to give you a chance to look it over before you come. During my visit up north we talked about contacting some professors. I told you there were two or three in this area. I did not have a chance to get close to any of them until last Friday. Here it goes:

Last Friday night (Jan. 25) my wife and I attended a meeting to commemorate the anniversary of the birth of Jose Marti. It was quite cold and not many people attended (the act was not well organized either). After the meeting one of the Cuban couples talked us into stopping at a bar before going home. It happened that Dr. Agustin Guitart (the university professor that looks very promising) had gone with them to the meeting. What luck! I accepted with the condition that Dr. Guitart would come along too. He couldn't turn it down. I have been trying to get close to this man for some time and never had the opportunity before. I could not get as much information as I wanted but this is just a start.

Dr. Agustin Guitart was a well known professor of Physics in Havana. He was a professor at the Instituto de la Vibora (a very large public high school in Havana) for many years before becoming a professor at the University of Havana. Dr. Guitart is about 5' 5" and slightly on the heavy side. He has a little bit of grayish hair and a small mustache. He looks to be about 50 years old.

His home address is (from the phone book): 4009 Elba St., New Orleans, La. phone, 62 2-2815. I believe he lives there with his wife, daughter, son-in-law and grand-children. His son stays there some times. I believe he is going to school somewhere. His son-in-law is a Cuban lawyer called **Misundo Robaina.**

Dr. Guitart is now teaching Physics at Xavier University of Louisiana, a colored university located at 7323 Palmetto St., New Orleans, La. phone: MU-8-6646.

He looks very anxious to do something to help fight the Communists in Cuba. He goes has attended most of the meetings in New Orleans since his arrival here a few months ago. (By the way, he and two other university professors were sitting together at the meeting Friday night). He

He arrived in Miami from Cuba in February 1962. He spent one or more days at Opa Locka. I don't know what date he arrived in Miami but he mentioned he left Opa Locka on a Friday or a Saturday.

I believe Dr. Guitart's wife is a sister or very close relative of Sara del Toro. Sara and her husband Amador Odio are in prison in Cuba now. Amador Odio was a Carlos Prio man some years ago and was also anti-Batista. Amador and Sara were both close to the Castro family in 1959.

and 1960. When one of Fidel's sisters got married, Sara gave her a party (I don't know how you call this type of party) before the wedding. The party took place at Sara's country home just outside Havana. Sometime in late 1960 or 1961 Sara and Asador were accused of conspiring against the government. Asador was sentenced to 30 years and Sara to 6 years. I believe Sara and Asador have nine children. They must all be in the U.S. by now.

Aguustin's brother is **Dr. Miguel Oquintero**. Miguel was a well known professor of Mathematics in **Havana**. I know he taught at the **Instituto de la Vihora** (the old man gave a rough time in my exams) for many years. I don't know if he ever taught at the **University of Havana**. **Miguel** is now teaching Mathematics at the **University of Alabama**.

Dr. Aguustin Oquintero is now making about \$540.00 a month at Xavier. I believe he speaks broken English.

Dear Carl:

This sounds funny but in order to keep the subjects in separate letters I am starting this one. I want to get this one out to give you a chance to look it over before you come. During my visit up north we talked about contacting some professors. I told you there were two or three in this area. I did not have a chance to get close to any of them until last Friday. Here it goes:

Last Friday night (Jan. 25) my wife and I attended a meeting to commemorate the anniversary of the birth of Jose Marti. It was quite cold and not many people attended (the act was not well organized either). After the meeting one of the Cuban couples talked us into stopping at a bar before going home. It happened that Dr. Agustín Guitart (the university professor that looks most promising) had gone with them to the meeting. What luck! I accepted with the condition that Dr. Guitart would come along too. He couldn't turn it down. I have been trying to get close to this man for some time and never had the opportunity before. I could not get as much information as I wanted but this is just a start.

Dr. Agustín Guitart was a well known professor of Physics in Havana. He was a professor at the Instituto de la Vibora (a very large public high school in Havana) for many years before becoming a professor at the University of Havana. Dr. Guitart is about 5' 5" and slightly on the heavy side. He has a little bit of grayish hair and a small mustache. He looks to be about 50 years old.

His home address is (from the phone book): 4009 Elba St., New Orleans, La. phone, 82 2-2815. I believe he lives there with his wife, daughter, son-in-law and grand-children. His son stays there some times. I believe he is going to school somewhere. His son-in-law is a Cuban lawyer called **Edmundo Robaina**.

Dr. Guitart is now teaching Physics at Xavier University of Louisiana, a colored university located at 7329 Palmetto St., New Orleans, La. phone: HU-8-5625.

He looks very anxious to do something to help fight the Communists in Cuba. He goes has attended most of the meetings in New Orleans since his arrival here a few months ago. (By the way, he and two other university professors were sitting together at the meeting Friday night). He

He arrived in Miami from Cuba in February 1962. He spent one or more days at Opa Locka. I don't know what date he arrived in Miami but he mentioned he left Opa Locka on a Friday or a Saturday.

I believe Dr. Guitart's wife is a sister or very close relative of Sara del Toro. Sara and her husband Anador Odio are in prison in Cuba now. Anador Odio was a Carlos Prio man some years ago and was also anti-Batista. Anador and Sara were both close to the Castro family in 1959.

and 1960. When one of Fidel's sisters got married, Sara gave her a party (I don't know how you call this type of party) before the wedding. The party took place at Sara's country home just outside Havana. Sometime in late 1960 or 1961 Sara and Asador were accused of conspiring against the government. Asador was sentenced to 30 years and Sara to 6 years. I believe Sara and Asador have nine children. They must all be in the U.S. by now.

Agustin's brother is Dr. Miguel Gutierrez. Miguel was a well known professor of Mathematics in Havana. I know he taught at the Institute de la Vibora (the old rascal gave a rough time in my exams) for many years. I don't know if he ever taught at the University of Havana. Miguel is now teaching Mathematics at the University of Alabama.

Dr. Agustín Gutiérrez is now making about \$340.00 a month at Xavier. I believe he speaks broken English.
