DISPATCH NO. 07A-105

SECRET Security Information CLASSIFICATION	
TO	Chief, US
FROM	Chief of Station, Paris
SUBJECT	Fritz (aka Fred) SIMON

DOC. NUMBER 07A-105

References: State Dept Control Cable 1437, 14 Nov 52, from Paris

1. On 11 June 52, the Press Attaché of the Paris Embassy wrote us the following memorandum:

According to French records, **Fred SIMON was born May 31, 1903 in Berlin.** He was trained as a lawyer, left Germany in 1931, and appeared in France in 1933. In 1939, he enlisted in the Foreign Legion. Some time in 1940, he was demobilized in Morocco. **He fled to Switzerland in 1942, and returned to Paris in May 1945.** Since that time, he has worked for "Die Zeit" in Zurich, "Libere Presse," a Socialist daily in Ingano, and other papers. In 1949, he went to work for "Der Welt," the British-controlled newspaper in Hamburg. In February 1951, he was replaced in that paper by a German. At the present time, he works for "Norddeutsche Allgemeine," as well as for "Der Bund." He was naturalized French in 1947.

Essentially, he was cleared by SHAEF to see everything from the Pyrenees to the Elbe. He did so and made a report on the Atlantic Forces. His articles were considered OK by the French, and even were translated in the press review bulletin, "Documentation."

Some time after the articles had appeared, however, a French official expressed astonishment that SIMON had been given such wide accreditation. Though he had no proof to offer, this same official made the statement that **SIMON was known to the French as an agent of the Cominform.** He gave no further derogatory information.

2. We searched our files, found no previous record of subject, and informed the Press Attaché accordingly.

3. On 17 Nov 52, the Press Attaché called our attention to State Dept. Control cable 1437, from Paris, dated 14 Nov 52, a copy of which is attached hereto for your convenience. Based on the information contained in para 1 above, and on the attached cable from Bonn, we submitted queries concerning Subject to both UNISON and UNBOUND.

4. On 28 Jan 53, we received the following reply from UNBOUND:

Fritz (aka Fred) SINGER, born 31 May 1903 in Berlin, of German origin, the son of [Hilly and Birth, GUNNAR], acquired French nationality by naturalization on 1 April 1943. On 19 October 1933 in Paris 16^e, he married his compatriot [WILHELM STREIBER, born 24 August 1905] in Berlin. They have one child, born 26 May 1937, of French nationality.

SINGER joined the Foreign Legion in 1940 and was demobilized in February 1941. In August 1942, fearing lest he be interned in a camp in the unoccupied zone, he decided to go with his wife to Switzerland. Upon his arrival in Switzerland, he was arrested for clandestine border-crossing and interned in a camp at Martigny, (Valais). Later, he was transferred to a labor camp at Stereo. During his stay in Switzerland, he allegedly wrote several articles under the penname "Ronal" in the Swiss socialist press, notably in the paper "Liberation".

In May 1945, he returned to France and settled at Montreux (Geneva), where he still resides at 211 Avenue Pierre Brissollet. Since 1945, he has had a legal office at [C.R.D. d'Montreux], Paris 16^e, where, according to a usually reliable source, it is reported to have held meetings with [Eduardo VILLENA?] of the Soviet Commercial Mission (site - 223 Blvd 11550) and with [LUKASH?] of the Soviet Information Bureau. The activity of this legal office is, in fact, almost negligible.

Since 1945, he also has operated an office for the settlement of disputed claims for the International Refugee and Relief Committee (I.R.R.C.), 35 Blvd des Chemins de Fer, Paris. He equally is administrator of the firm "Vrank and Shultz" of Antwerp, Belgium.

SECRET
Security Information

[SUBJECT] devotes the greater part of his activity, however, to journalism. He is a correspondent of various French and foreign newspapers, notably the Grande presse "Der Bund." He is accredited officially to the French Ministry of Information. He has obtained numerous visas for foreign countries in order to fulfill his professional obligations.

He has never attracted attention from the political point of view, but we suspect him of being identical with an individual of the same name who belonged to the Swiss "Note Kapelle" network.

[SUBJECT] is in contact with a man named [REDACTED] (sic - see para 5 below), now a correspondent of "Moyenne" in Paris, and who also is suspected of being identical with an ex-agent of the "Note Kapelle."

We are continuing our investigation of Frits [SUBJECT].

5. With regard to the [REDACTED] mentioned above by [REDACTED], we since have consulted with the Press Attaché, who has been able to identify him as follows:

[REDACTED] BURKHARDT, born 9 September 1906 in Lehr, Germany, presently residing at 195 Bd. Voltaire, Paris 11^e, economic correspondent for "Der Bund," accredited as a journalist to the Présidence du Conseil on 10 February 1950, also works for the Vereinigte Wirtschafts Dienst of Frankfurt, is known as a serious journalist, but otherwise as a doubtful individual.

6. On 4 Feb 53, we received the following less complete reply from USINFO:

Fritz (the Fred) [SUBJECT], formerly a German lawyer, took refuge in France in 1933. He has opened a legal office in Paris and also occupies himself with journalism. Until now, no unfavorable information has been obtained concerning him.

7. We are making all of the above information available to both the Embassy Press Attaché and to USINFO. We would appreciate receiving all possible further corroboratory information concerning [SUBJECT], his various contacts, and his activities. We would be interested to receive, in particular, any information to confirm [SUBJECT]'s suspicion that [SUBJECT], and/or BURKHARDT, used to belong to the "Note Kapelle" network.

CLASSIFICATION

TO: Chief of Station, Paris 14th
 FROM: Chief, WE
 SUBJECT: **Federico SEDOC**
 SPECIFIC: **Federico SEDOC**

DATE: 15 February, 1953

1. The following information on **Federico SEDOC**, believed to be identical with your subject, has been transcribed from a RSV report in German received from a well-placed source in the West German Government, and transmitted to Headquarters in WIESBADEN, 14 March, 1953:

Name: SEDOC, Federico (real)
 Born: 31 Aug. 1911 in Berlin
 Address: Neuerstrasse 6/8/10, 111 Berlin 1-Berlin
 Profession: Journalist, currently correspondent of the
 Swiss newspaper "Der Land", the German daily
 "Die Welt", and of "Radio Stuttgart".
 A politically doubtful person who received an entrance
 visa for West Germany valid for six months on 21 January
 1952. According to information from the French Ministry
 of Interior (the D. R.), SEDOC was working for the Communist
 paper "Die Zukunft" (Saarbruecker) before the war and during
 the war for the Saar Communist newspaper "Die Tat", "Volks-
 stimme", and "Arbeiterzeitung". Allegedly not a Communist.
 At any rate he stated the present Press Attache of the French
 Journal (the German Consulate General, Paris; Alexanderplatz)
 HAMBURG, on his arrival when SEDOC applied for a visa. On
 21 January, SEDOC submitted a written application on behalf of
 the newspaper, "Die Welt", "Countert" (Berlin), Frankfurt am
 Main, Germany, Germany, holding West German 1/24 to
 France, where he acquired French citizenship. According to
 his own statement, he was refused by the West German Press
 Office in Bonn to apply again for German citizenship as he,

Göring, was working for German newspapers. However, he declined, stating that he had a bad press in France anyway. He further stated that he had serious differences of opinion with Paul REICHHOFER, Alexander's former press chief. Since Alexander was not yet Chancellor of West Germany, he was refused permission to interview Alexander during his Paris conference. He has never forgiven him for this.

2. We note that there are several references to Alexander KARASOVICH (presently, Alexander BORODINOVICH) in WIEGMUTH's file (see WIEGMUTH, 1950, 1971B, and 1974A), and that WIEGMUTH has been closely associated with MILLION CHIUSI, George HILLIARD, probably others of the LIMA/MILLION group. We are also interested in the fact that WIEGMUTH was introduced to CHIUSI by Alexander KARASOVICH (see WIEGMUTH). A member of Alexander KARASOVICH (present spelling; probably KARASOVICH), is identified with Alexander ALAPAINOVICH KARASOVICH, reported in WIEGMUTH as a contact of Konstantin NYAKHONOVICH, Vice Counsel at the Soviet Consulate in Paris, and a suspected KGB agent, and if KARASOVICH has been in contact with NYAKHONOVICH is unknown.

3. The **Paul REICHHOFER** now in Paris as economic correspondent for "Der Spur", probably is identical with the same REICHHOFER mentioned in the "Final EQUIL Report" (KLEINBERG, Part III, Vol. I, pg. 34), which states:

Name: Dr. Paul REICHHOFER
Address: Paris, 6 Rue des Saussaies
Nationality: German, born 9 September 1906 in Berlin
Occupation: Journalist. 1941-1944 in Paris as representative of "Europe Press" of Frankfurt-am-Main, and of "France Telegraphique Suisse" of Lausanne.
Employer: Unknown, but contact of PCFT (Almanach) during war.

Part III, Vol. II, P. 31 of the "Final EQUIL Report", of which you have a copy, lists a Charles SIEGMUND, but there is no mention of Friedrich (or Fritz) SIEGMUND in the report, or in WIEGMUTH's study on the Nazi Espionage.

4. We are unable to identify the (fictitious) DOCUMENT of the Soviet Information Bureau with whom GORIACHY and Konstantin DANILOV held meetings in 1949. The International Reserve Relief and Rehabilitation Committee for which DOCUMENT operates an office, is the International Reserve and Relief Committee which has offices at 103 Park Avenue, New York City, and 13 Boulevard des Capucines, Paris. This organization is an offshoot of the former International Relief Committee and the Emergency Relief Committee. It was formed originally to assist refugees from Nazi Germany. Since 1949 it has functioned as an anti-fascist organization assisting refugees without regard to nationalities. Although not essentially a Communist organization, several Communists have been affiliated with it (see WIEGMUTH) and, therefore, membership in the I.R.R.C. should be viewed with some suspicion.

5. We shall be most interested in any further information on [REDACTED] and his associates you develop, and in any information on Alex HELLER you may be able to obtain through appropriate sources. A copy of IDQ-2604, which had come to our attention previously, is attached. Only the reference to [REDACTED] has been translated as we were unable to have the entire document translated for prompt transmittal to you.

October 18, 1954

CONFIDENTIAL

[redacted]
Frankfurt

Dear Mr. [redacted]

In June of 1954 this office received a case from ACO for a woman by the name of **P. Plastilova, born Paris**, who was born in **Yalta, Czechoslovakia, on March 01, 1927**. At the time her case was submitted to this office she was a student in Geneva residing at **3 Avenue Calea**, and she was being processed for immigration to South America.

During a routine check conducted on this individual this office learned that **Plastilova** was associated with one **Clementi Pitti**, a **suspected espionage agent in Switzerland**. The information had no definite that **Plastilova** was implicated in **Pitti's** activities. On the other hand, it was indicated that an entry visa to France was cancelled by the **French** authorities. It was indicated that any sources in **Geneva** did not have direct access to police files on **Plastilova** which are alleged to be voluminous. No attempt was made on the part of American personnel to analyze the case at that time. However, it was the opinion of a competent American officer in Geneva that **Plastilova** should have been questioned in detail about her background and activities for the past seven years.

Based on the above information, **Plastilova** was denied T-3EP eligibility. On August 11 I wrote to the American Consulate in Geneva advising them that **Plastilova** had left **Switzerland** and immigrated to **Mexico on July 7, 1954**. Her transportation was covered by a revolving Fund Loan from the International Refugee Committee because T-3EP eligibility had been denied. I advised the Consulate that it was my opinion that this information should be brought to the attention of proper American authorities in Geneva, in that **Plastilova's** presence in Mexico might not be in the best interests of the United States.

2. LIST YOUR PRINCIPAL CONTACTS, THEIR POSITIONS, DEGREE OF COOPERATION, SECURITY STATUS, ETC.

Charles Sternberg, Executive Director, very cooperative. Subject is in charge of the New York Office. Sternberg was Approved/SECRET in May 1971. (W. Freund of the NY Office has been in touch with subject for many years.)
 Leo Cherne, Chairman. We have been in touch with Leo Cherne, but not in regard to IRC. Cherne is Executive Director of the Research Institute of America, Inc., 589 Fifth Avenue, New York, and was placed in Approved category in June 1967.

Mrs. Mary P. Lord, President, very cooperative, Approved/SECRET. She has provided valuable FPI regarding developments in Bangladesh where IRC is actively involved in relief operations.

3. SUMMARIZE YOUR ESTIMATE OF THE VALUE OF THE ORGANIZATION AS A SOURCE OF FPI. INCLUDE THE TYPE OF BUSINESS (SALES, RESEARCH ETC.) IN WHICH THE ORGANIZATION IS ENGAGED, THE SUBJECT AND COUNTRIES (OR AREAS) IT INVOLVES, AND ANY RESTRICTIONS ENCOUNTERED WITH REGARD TO ACCESS TO SOURCES (E.G., THROUGH WHAT METHOD IS POLICY TOWARD OUR MISSION ESTABLISHED WITHIN THE ORGANIZATION?)

This organization is not a source of FPI. It helps new immigrants to settle in the US. It is of value to us by helping us to locate East European and Soviet immigrants wanted for debriefing.

 CONTINUED ON REVERSE

4. RECEIVERSHIP TO OPERATIONAL REQUIREMENTS. LIST ANY INFLUENCING FACTORS (RESTRICTIONS, POLICIES, ETC.)

Sternberg is likely to be receptive to operational requirements, but may not have the authority to commit the organization.

Mrs. Lord would probably be receptive to any reasonable operational requirements which would not jeopardize IRC's good name overseas. She has already been accused in "Communist New Age" of being a CIA operative.

Case # 151
(A-23-199-521)

REF: a. Deafly action memorandum 7 June 63

1. The local office of the FBI requested the file of **Mrs. Chu** from the Houston Office. This revealed the previously unreported information that **Mrs. Chu's** husband died in Hong Kong in 1958 where he had worked as manager of the **Pin Cheng Food Company**. The file further revealed that **Mrs. Chu** had come to the US under the auspices of the International Refugee Committee and was being sponsored by **Wm. G. Gammill** of 5101 Main Street, Dallas, Texas.

2. **Mrs. Chu** was contacted at **4921 Travis Street** where she is living with her six children. She corroborated much of the information contained in her FBI file and advised that she was not in contact with anyone on the mainland of China but occasionally heard from friends in **Hong Kong**. She is looking for work and hopes to find a job as a waitress or possibly a filing clerk. She stated that she had left the mainland in 1960 and had no recent information on conditions in Communist China. Since her potential appeared extremely limited, she was not mentioned on the checklist guides and it is suggested that this case be closed.

SUPPORT (STUNTS) FROM ELLIFF

GROUP ONE EXCLUDED FROM AUTOMATIC DOWNGRADING AND DECLASSIFICATION

CASE 35634 **VILLIAM DONALD HARRIS**

1. HE SPENT BRIEFLY **WITH HARRIS** ON MONDAY, 3 APRIL. HE HAS MADE SEVERAL TRIPS TO CUBA, THE LATEST IN JANUARY 1963 FOR TWO WEEKS. HE VISITED PRESBYTERIAN CHURCHES THROUGHOUT THE COUNTRY WITH THE EXCEPTION OF THE AREA WEST OF HAVANA. HIS OFFICIAL TITLE IS DIRECTOR,

MISANO-AMERICAN DEPARTMENT, BOARD OF NATIONAL MISSIONS (THE PRESBYTERIAN CHURCH IN CUBA IS ADMINISTRATIVELY A PART OF THE NEW JERSEY PRESBYTERY).

HE TOLD US THAT HE HAD COMPLETE FREEDOM OF MOVEMENT, ENCOUNTERED NO DIFFICULTY ANYWHERE AND WAS NEVER STOPPED OR QUESTIONED BY THE AUTHORITIES. HE SAID HE WAS OFTEN TAKEN FOR A SOVIET OR EASTERN EUROPEAN, PROBABLY BECAUSE NO ONE EXPECTED TO SEE AN AMERICAN.

2. HIS PLANS FOR FUTURE VISITS TO CUBA ARE A BIT INDEFINITE. HE WOULD LIKE TO MAKE THE NEXT VISIT WITH **SEVERAL OTHER CHURCHMEN FROM OTHER DENOMINATIONS.** THERE IS **AN INTERDENOMINATIONAL SEMINARY AT INSTANTAS**, WHICH HAS MANY PROBLEMS THAT NEED TO BE DISCUSSED. THE **SEMINARY** WOULD PLAN A BOARD MEETING TO COINCIDE WITH THE VISIT OF THESE PEOPLE WHO ARE ON THE BOARD. THE GROUP THAT WOULD GO INCLUDES DR.

STOCKWELL (METHODIST), **BISHOP JOHN BENTLEY** (EPISCOPAL), DR. **LARSEN** (CHAFTIST) AND DR. **JOHN SINCLAIR** (PRESBYTERIAN). THE ONLY MEMBER OF THIS GROUP KNOWN TO US IS BISHOP BENTLEY WHO HAS BEEN AN EXTREMELY COOPERATIVE CONTACT OF THIS OFFICE. THIS TRIP HOPEFULLY WILL TAKE PLACE IN THE NEAR FUTURE BUT THERE ARE NO DEFINITE PLANS AT THIS TIME.

3. HARRIS HAD A PROBLEM HE THOUGHT WE MIGHT BE ABLE TO HELP WITH. THE GENERAL ASSEMBLY OF THE UNITED **PRESBYTERIAN** CHURCH IS TO TAKE

S-1323

diff-jfk: record 104-10171-10138 -Page 89 (diff between 2025 and 2023) - fresh pages only

FORCE TO DES MOINES, IOWA FROM 15-17 MAY. THEY WOULD LIKE TO HAVE
THEIR DELEGATES ON CUBAN土, BUT THEY HAVE HAD LITTLE SUCCESS IN
GETTING THE NECESSARY PAPERS. THE ONLY POSSIBILITY SEEMS TO BE FOR THE
DELEGATES TO GET THEMSELVES TO MEXICO CITY AND TAKE A CHANCE THAT THE
US EMBASSY THERE WILL GRANT THEM PERMISSION TO COME INTO THE COUNTRY.
THE NAMES OF THE PROPOSED DELEGATES ARE JERICO MANEJAS, PASTOR OF THE
CHURCH IN CARDENAS, AND HIS WIFE, PRESIDENT OF THE PRESBYTERIAN WOMEN'S

ORGANIZATION IN CARDENAS; ALSO DR. PENE CASTELLANOS, A LAYMAN FROM
CARDENAS AND A FORMER UNIVERSITY PROFESSOR.

4. ON THE BASIS OF OUR RATHER SHORT VISIT WE CANNOT MAKE MUCH OF
AN ASSESSMENT OF HARRIS. HE WAS EXTREMELY CORDIAL, ENTIRELY SYMPATHETIC
WITH OUR INTERESTS WHILE AT THE SAME TIME WANTING TO BE ASSURED THAT
HIS CONTACT WITH US WOULD NOT BECOME KNOWN. HE SAID THAT NATURALLY MANY
PEOPLE ASSUMED HE WAS CONNECTED WITH THE CIA BUT THAT IF THERE WERE ANY
BASIS IN FACT FOR THIS ASSUMPTION HIS USEFULNESS WOULD BE AT AN END.
THIS WOULD LEAD US TO THINK THAT HE WOULD NOT BE WILLING TO DO ANYTHING
ON OUR BEHALF DURING FUTURE TRIPS TO CUBA. WE ALSO THINK, HOWEVER,
THAT HE IS ENOUGH OF A REALIST THAT HE WOULD NOT BE UNDULY UPSET BY THE
REQUEST AND THAT HE WOULD GIVE IT SERIOUS CONSIDERATION. WHETHER HE
WOULD BE MORE AMENABLE IF SOMETHING COULD BE DONE TO ENABLE THE CUBANS
MENTIONED ABOVE TO COME TO DES MOINES, WE DON'T KNOW. WE THINK HE
WOULD TURN DOWN ANY REQUEST TO HELP DURING HIS NEXT TRIP SINCE IT
WOULD BE MADE IN THE COMPANY OF OTHER CHURCH PEOPLE.

5. WE WOULD LIKE TO MAKE AN APPOINTMENT TO TALK WITH HARRIS AT GREAT
LENGTH. COULD YOU GIVE US ANY IDEA OF WHAT THE POSSIBILITIES ARE OF

1. Contact with Malecik, Kotas, and Loposko on 31 Jul 52 indicates low foreign intelligence potential. They have been away from Poland for about ten years and get no pertinent information in letters from relatives remaining in Poland. They are better acquainted with persons and conditions around Bologna, Italy.
2. They are cooperative, but unless you have reason to believe that worthwhile requirements might result from a request, we do not intend to send in name checks.

1. This memo covers subjects discussed in references.
2. Since **Tereshko** came into this country as a refugee under the auspices of the International Rescue Committee in New York City we do not have any commitments to assist him in his resettlement problems whether they include job assistance or assistance in finding up his immigration status to this country. We, however, also realize that he has been a very cooperative and prolific reports producer for the intelligence components. We want to make clear that we have no commitments to help **Tereshko**.
3. **Tereshko** should find his own way to mail letters to Minsk through parties located in other cities. Subject mentioned that he has friends in New York City whom he could use for this purpose.
4. We contacted the office handling **Tereshko's** refund for his rubles and roubles and were informed that he will shortly receive a check for US\$25.00 plus some gold rubles which could not be changed for him. When we receive the money in a week or two, we will forward it to you.
5. Apparently **Tereshko** feels an attraction to work for Radio Liberty in Moscow, which was offered to him. This again is his own decision although he has a good position and a fine future with his present company.
6. We have found from experience that defectors generally blame us for decisions and actions which fail and credit their own astuteness for those developments which succeed. We would like, however, to point

MEMORANDUM FOR THE RECORD

SUBJECT: Contact with Mrs. Mary Lord

1. Mrs. Mary Lord will make two trips abroad in the near future. From 19 August to 7 September she will be in the Far East. She will travel to Calcutta in her capacity as interim president of the International Rescue Committee, and will also go to Saigon and Hong Kong. She hopes to visit Laos, but this had not been settled when we spoke with her early in August. Her visit would be in response to an invitation extended by Souvanna Phouma last winter (see CO-B-33171-70). If successful, she would attempt to get more information related to the requirements of Case 5b,162.

2. On 9 September Mrs. Lord leaves for Europe on a trip connected with her duties with the Atlantic Treaty Association. We do not know how long she will be gone, but if prior trips are any indication it probably will be no longer than two weeks. She may learn more about Georges Pompidou, although she has not been briefed for this particular trip. We received requirements against a similar trip in June (See CO-B-17055-71 in response to cases 5b,162 and 56,460) and she may remember some of those and attempt to obtain further data. We would recommend that she be debriefed on both trips shortly after her return from Europe. We have given her Mr. Lohmann's name, should she wish to contact the NYPO before a representative calls on her.

3. In June Mrs. Lord loaned us two books on Pompidou. Upon instructions from Chief, NYPO, we returned those to Mrs. Lord on 18 August since we had received no reply to our queries to headquarters (NY-636-71 of 24 June 1971, Form 610 of 19 July 1971 and NY 16766 of 3 August 1971).

DATE: 12 June 1969

TO : Director, Domestic Contact Service
ATTN: (Mr. Murphy)

FROM : Chief, New York Field Office

6-6-69-169 B
SUBJECT: Meeting with Edmund Cummings, Dept. of Immigration, US Catholic Conference
Ref: Dept. of State memo of 12 May 69 from Ms. C. Trueheart, forwarded
to NYFO on 16 May 69.

B 5-4416 o/c

1. On 6 Jun 69 Deputy Chief, NYFO, accompanied by C/S Elliff, met with Edmund Cummings to discuss any aspects of the relationship between his office and the Agency that might be unsatisfactory to him. This appointment was requested by NYFO as a result of the comments made by Cummings in reference memo. 0 4 5544

2. When we opened the discussion with the statement that we had heard indirectly that the question of cooperation with the CIA had arisen at the ACW meeting, Cummings immediately stated that this was indeed the case, and for his part, he wished to have no contact at all with our Agency. Invited to elaborate on his reasons, Cummings said it could be very "embarrassing" were it to become known that he had furnished information on Czechoslovak refugees to the CIA. He later stated that it could be extremely dangerous for refugees to have contact with the Agency, since if this fact were known, it could bring harm to themselves or to their families still in Eastern Europe. If he had furnished the information about the location of a refugee to whom harm later came, it would cause him great anguish. He knew, he said, of an instance in Connecticut in which a refugee who had cooperated with the Agency was beaten up by Communist agents. Cummings did not respond to our invitation to elaborate on this incident, which we said was unknown to us. Cummings said that not only was he concerned about CIA activities involving refugees, but that if cognizant, the US bishops would be unhappy about CIA involvement with organizations such as the US Catholic Conference. Again, Cummings declined to elaborate. Cummings suggested that we get our information from the IAMS to whom the US Catholic Conference furnishes data and he was unsympathetic to our desire to have this information on a more timely basis than was possible with reliance on IAMS records. He also suggested that arrangements to see refugees in the US be made with the refugee in Europe and that the refugee be given a telephone number to call after his arrival. Responding to our direct question, Cummings said he viewed cooperation with the FBI in a different light and would not deny its agents information they requested.

3. We wish to emphasize that Cummings made none of the statements to us that he did in paragraph two of reference memo. On the contrary, in response to our direct question, Cummings said that his objections were those of principle rather than of manner of approach by the NYPO. At no time during our conversation with him did he make any objection to the procedure set up between him and C/S Elliff to facilitate the acquiring of the information we requested. We do not have any doubts that Cummings did indeed make the statements attributed to him in reference memo, but it is at least interesting that he specifically refuted them in our presence. After displaying nothing but hostility toward the Agency during our entire meeting, he invited us to call upon him in the future if he "could ever do anything for us personally." Obviously we do not expect to contact him on any basis in the future and we are certain that he does not anticipate further inquiries from this office.

4. C/S Elliff reports as follows on her contacts with Cummings and other officials of the Dept. of Immigration, US Catholic Conference:

"The first contact with Cummings was on 11 Sept 68 and the results of that meeting are contained in NY#677-68 of 11 Sep 68. This was a straight-forward request for information on how the US Catholic Conference would handle the influx of refugees. As can be seen from the memo, Cummings was cooperative and, in fact, offered more assistance to us than we later requested. We spoke on the telephone with Cummings a few weeks later to say that, in all likelihood, we would only be needing to ask for address information on selected refugees occasionally. For this information, he referred us to Mrs. Irene Bilinski. On 12 Dec we saw Mrs. Bilinski who was cooperative in furnishing information on a specific Czechoslovak refugee. Upon our return from Washington in late January 1969, a number of requests had piled up and we tried to obtain the needed information through Mrs. Bilinski. She pleaded that they were very busy, extremely behind in their filing and asked that we call on her later.

B

NY#399-69

"Since it appeared in late March that Mrs. Bilinski would not be available in the foreseeable future, we called again on Cummings and explained the problem. We said we understood the problems involved for them in providing this information, in view of the fact that they were extremely busy, and said we would appreciate anything he could do to facilitate matters. There was one address we needed urgently and this Cummings obtained for us while we waited. We left with him about six three-by-five cards on other refugees, plus a stamped self-addressed envelope, and asked that he return the cards, with the address and employment data added, at his convenience. After that, we sent Cummings two letters requesting data on additional individuals and received replies in due course. After his receipt of the second letter, Cummings called Deputy Chief, NYFO (whose name he had obtained from Charles Sternbach of the International Refugee Committee) to check on Miss Elliff's bona fides. According to Deputy Chief, NYFO, Cummings was satisfied that our inquiries were legitimate and only expressed the hope that they could be kept to a minimum. We suggested the mail procedure agreed to by Cummings only in the interest of saving the time of an obviously overworked organization.

"When the account of Cummings' complaints to the Department of State official reached us, we endeavored to set up an appointment for ourselves and Deputy Chief, NYFO, to see him. Our first call in this regard was on 19 May. He said it was a very busy week and asked us to call later. We called the following week and he again stated he was extremely busy. We said we did have one address to ask him about and asked if we might see him briefly. He invited us to write him for the information, and assured us that this would be entirely satisfactory. We wrote on 26 May and he replied the following day, much faster than he had previously. When we called him on 6 June, he invited us to meet with him that afternoon. We estimate that we have requested address and employment information on about 13 individuals. Since this is the only data requested from Cummings, we do not understand his statement in reference memo that he had "become concerned over the numbers and types of request." In addition to Cummings and Mrs. Bilinski, we have contacted Mrs. Olympia Peroni, whom we saw in 1967 in connection with Case 49,354. Although she could not furnish the current location of the individual in whom we were interested, she was extremely cooperative."

DATE: May 9, 1969

FROM : S/R:ORN - Raymond W. Laugel

SUBJECT: CIA Requests to Voluntary Agencies in New York

Act 6 69-169

Ambassador Graham Martin has asked me to inform you of conversations which were held in my presence by certain voluntary agency representatives with regard to CIA requests for information on Eastern European refugees (primarily Czechs) who have been arriving in the U.S. as a result of the Czechoslovak-USSR crisis. The following information was obtained on a confidential basis while I was in New York this week to work on an unrelated project:

A-22542

A-41194

(1) On May 5, after concluding my own business discussions, Dr. Jan Papanek, President of the American Fund for Czechoslovak Refugees, Inc., expressed his deep concern over being asked to supply information on the whereabouts of his former countrymen. Dr. Papanek told me that the CIA is checking on a large number of Czech refugees, most of whom have no special experience or qualifications which would seem to be of particular interest to the United States. He knows that many of these people are being subjected to intensive interrogations which bewilder and frighten them. The procedure was initiated last October by a CIA man who identified himself as Norman N. Gruber. Dr. Papanek receives his requests by letter (he showed me one sample) which simply lists the names and other basic data, either immigration number or date of birth. The return address used by the CIA is P.O. Box 1294 in Grand Central Station, to which Dr. Papanek is to send his reply - that is, the latest U.S. address recorded in his files. Dr. Papanek did not mention a specific number of names or requests but he said they are growing and he is very uncomfortable about it; he does not want his good name or agency to become identified with the CIA. He indicated, in addition, that the method of operation seems heavy-handed in comparison to that of the FBI, whose agents present themselves in person, make their requests known

and are serviced to the extent permitted by Dr. Papanek.
If this information is essential to U.S. interests,
Dr. Papanek cannot understand why it is not handled on
an intra-governmental basis -- namely have the CIA obtain
its information from the Immigration and Naturalization
Service, which is responsible for alien registration in
the United States.

B-69-169
(2) On May 6, after concluding my work with S-4446
Mr. Edmund Cummings, Associate Director of the U.S.

Catholic Conference, the question again came up.
Mr. Cummings expressed his agitation over the seemingly
amateurish and scattershot method by which the CIA is
operating in this field. He also questioned the value of
interrogating simple refugees who are not defectors with
special qualifications or background. Mr. Cummings said
the groundwork was laid sometime ago (no date mentioned)
by a female officer of the CIA, and that he agreed to the
exchange of mail procedure utilizing the P.O. Box at
Grand Central. However, he has become concerned over the
numbers and types of requests. He suggested, as did
Dr. Papanek, that INS might be the proper contact point
for CIA. Mr. Cummings also mentioned that the FBI agents
appear in person and he indicated that their approach
seems more professional.

S-5564 04
(3) I was also informed by Mr. Cummings that the
International Rescue Committee, Inc., whose Executive
Director is Mr. Charles Sternberg, was somewhat alarmed
by the same situation. I had previously consulted
Mr. Sternberg on my own project but he did not raise the
CIA matter with me.

A-87027

(4) On May 7 I attended (as an observer) a meeting
of the Committee on Migration and Refugee Problems,
American Council of Voluntary Agencies for Foreign
Service, Inc., which was called to discuss refugee and
related matters. The meeting was chaired by the Rev. John
W. Schauer of the Church World Service; in addition to

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Bureau Division

DATE: 10/20/63

FROM : Alien Branch (NYC)

RECORDED BY: *ej-5564*

FROM : Chief, New York Office

SUBJECT: Case: 54-104 Rev. Circular Executive Protection and Interrogation.

1. Report is submitted of sub's arrest, as requested in MA-6103.
2. The case was opened in this office by a telephone call from George MacLean in mid-morning on 20 Sep 63. The only information available to us at that point was an account in the New York Times of 27 September. Friend of NYO was instructed to contact Mr. Joe DeRosa (Assistant Special Agent in Charge), New York FBI; the FBI had notified CIA through Washington Liaison that it would be ready to turn over subject so as for interrogation some time on this date, and the details were to be discussed with DeRosa.
3. DeRosa passed Friend along to his supervisor and special agent handling the case (who known to us), and we learned that the FBI had not been handling the subject as yet because of unseasoned delays at Immigration and Naturalization Services. The expected estimate was for sub to be fingerprinted and released by IAMS in the early pm. The FBI estimated that its own interrogation could be accomplished within about 45 minutes. As a result, NYI interrogation would be carried out at International Rescue Committee office, where subject would be turned over to us at about 3 pm.
4. Above information was passed through to Alien Branch, which advised that two OSI representatives, Drs. Hoffman and Ulmer, were to be dispatched to New York to conduct an interrogation that afternoon. Numerous telephone calls between this office and Alien Branch, the NYI, and IIS continued throughout the afternoon. The FBI very graciously agreed to make a staff translator of Czech descent available for our interrogation. Charles Sternberg of IIC agreed to stay in his office until we could take the subject off his hands when it became clear that the OSI representatives were late in arriving.
5. Dr. Hoffman, OSI, and Dr. Ulmer, Medical Staff, in fact reached NYO at 1:50. There was considerable misunderstanding between them and this office concerning the situation. They were aware that subject had been interrogated until late the previous day by IAMS and was somewhat exhausted by interrogations and procedures on 21 Sep at IAMS and awaiting the FBI. They expected to operate under cover (to be furnished by FBI or this office). They expected to be provided with a secure interrogation facility since for normal, they understood that Czechoslovak authorities had attempted to reach the sub out. In the circumstances, they remained at NYI in the care of the Field Office chief, while Friend proceeded to IIC.

International Congress on Education of the Deaf

S 70479

1. Dr. Edgar Lowell, a contact of ours at the John Tracy Clinic, 606 W. Adams Blvd., Los Angeles 7, California, where a great deal of electronic research is carried on concerning deafness, has advised us that he has been nominated as the Program Chairman for the International Congress on Education of the Deaf, which will be held in June 1963. The host for this Conference will be the Council on Education of the Deaf and the Congress will be held at Gallaudet College, Washington, D.C. The Coordinator for this International Congress will be Dr. Powrie V. Doctor of Gallaudet College, who will be working with the State Department on this particular Congress.

2. As Chairman of the Program Committee, Dr. Lowell will be required to go to Europe to attend a meeting of a similar European group planning their annual congress for about the same time, and will visit Italy, France, Belgium, Germany, England and Scandinavia to check on attendees. There is a possibility that he will also go to Yugoslavia at the same time.

3. As a side-line it is also possible that Dr. Lowell will go to Moscow where he will visit Prof. E.N. Sokolov, Institute of Deafatology, Fogodina Str 8, Moscow G-117, USSR. Prof. Sokolov is well-known and has been active in previous Macey Conferences in which Dr. Aldrich and Jack Ford have been interested. We have reported through Dr. Lowell on both Sokolov and Prof. A. R. Luria, and continuing correspondence between Sokolov and Dr. Lowell has also been reported.

4. The Soviets will be invited to this Congress and if the present cordial relationship still exists unaltered by world events, no doubt Sokolov and/or others will certainly be interested if not attend this meeting.

5. Enclosed is a rough outline of the program Dr. Lowell is responsible for which, of course, is still in the formative stage. Alex's copy of the original letter sent out announcing the Congress is attached.

5. We would be interested in knowing your degree of interest in this particular matter, and entertain why suggestions you might have towards working with Dr. Lowell.

1. ES/IA is interested in FEU Masovic Yugoslav member of the World Federation of Deaf. They ask you contact your sources at Gallaudet College in Washington for any information they may have on Masovic, who according to a Los Angeles memorandum of 14 November 1961, is Yugoslav and well-known as a champion working in the area of the deaf. He was apparently co-chairman on a committee with Fr. Bernard Terwoort, a Jesuit priest, who is a PhD and a linguist, and a Dutch national. The two, Masovic and Dr. Terwoort met together in mid-October 1961 in Italy, at which time Masovic expressed a desire to defect.

2. To assist you in the assignment, we are attaching copy of the ES/IA memorandum of request and a copy of the Los Angeles memorandum of 14 November 1961, giving more details about the meeting between Fr. Terwoort and Masovic.

3. Gallaudet College will be host to the International Congress on Education of the Deaf and sources there may have information on the Masovic in question.

4. Many thanks in advance for your cooperation in this assignment. Please furnish information responsive by OO-A series reporting.

1. Upon reading an article appearing in a Wilmington daily newspaper (copy attached), J. Jacobs visited **ex-mayor of Budapest Joseph Kovago** and got the following information:

2. Ex-Hungarian Prime Minister Ferenc Nagy was asked by the Free Europe Committee to form a new Hungarian Committee which will replace the two committees now in existence. The new committee is being formed because the Free Europe Committee wishes to economize and representation from several Hungarian political parties is wanted.

3. "Since I do not dare correspond with friends and relatives in Hungary and the US government is interested in current information on Hungary, I think I can give the name of an individual who is living in Vienna and is truly an 'operator.' His name is **Dr. Thomas Pastor**. I believe he can be useful to the US because I recommended him for the purpose of gathering information on Hungary to **Mr. David Martin** of the International Rescue Committee. Most of the information gathered by **Pastor** was used by IRC in reports on Hungary to the United Nations.

4. **Pastor's address is I. Jakobergasse 4.III.15, Vienna, Austria, telephone 522-0-455.** I am able to give the following biographic data on **Pastor**: aged 46, divorced, official of the Pfeiffer Party after he was kicked out of the Smallholders Party, arrested for anti-Communist activities in 1948 or 1949, He was convicted and sentenced to death which was later commuted to life imprisonment. He was in the same political prisons with me at Vac and the Gyuto prison in Budapest.

5. While in prison he was a 'double-dealer' and most prisoners liked him but distrusted him. He seemed to be able to find out about all news both inside and outside the prison. He was released from prison during the destalinization period and escaped to the West during the revolution.

he did not.

SUBJECT: ALEXANDER-SINCLAIR, John

1. Reference is made to the name check request from your office dated 26 January 1957, for information concerning John ALEXANDER-SINCLAIR. The files of this office and those of a predecessor organization contain considerable information concerning Subject, the major part of which is not derogatory. This information includes reports of Subject's personal views as of January 1943 on political and economic conditions in Shanghai, China, which could be made available to your office upon request. Following is information which may be deemed derogatory in one case and of intelligence interest in the other.

2. A usually reliable source reported in September 1951 that Subject, then the Director of the Office of the High Commissioner for Refugees and an official at the British Foreign Office, accompanied the High Commissioner to Italy on his first unofficial trip in July 1951. Source stated that Subject was not at all tactful in his dealings with Italian officials and thus he met passive resistance. Furthermore, acting on behalf of the Commissioner and very eager to put at once as many British agents as possible into positions under the Commissioner's cover, Subject appointed Marshal DE BEAR, Chairman of the International Refugee Organization (IRO), Review Board, to the position of representative in Italy. According to Source, this annoyed Prince HEL DRAGO, Italian envoy to IRO in Geneva, Switzerland, who stated that as long as IRO was functioning, there would be no other refugee representative working in Italy and that, after all, the Commissioner had to be first recognized by the Government. DE BEAR was said to be "persona non grata" to the Italians.

3. According to a report dated 7 January 1954 from a fairly reliable source, it had been reported by various sub-sources that John ALEXANDER-SINCLAIR, British, Delegate to Italy of the High Commissioner of the United Nations for Refugees, was a person to be considered rather politically dubious. According to Source, on several occasions he had been excessively interested in favoring foreigners in Italy who had received expulsion notices as a result of their commercial activity and political contacts with Iron Curtain countries. Source stated that Subject was further reported to be on very friendly terms with Italians and non-Italians who were clearly oriented toward the parties of the extreme left.

1. Peter White ^{1/16/57} reports that subject has injected himself into the affairs of American Friends of Vietnam in a manner which he considers to be suspiciously like that of an intelligence agent. Since the subject is a former British subject but now a naturalized citizen, he poses the question to whether he might not be a long-term British agent. Peter reports that subject is seeing ~~Luc-Doan~~ regularly and is a close friend of ~~Prince Bui-hoi~~. Subject was a friend of President Diem when he was in this country.
2. Subject has stated that he has money which he wants to invest in Vietnam. His present occupation is that of button manufacturer with which he has had considerable success.

3. It is our impression that **du Berrier** has little to say by way of analysis that differs from the standard Dai Viet statements. **du Berrier** makes no effort to hide his admiration for Hoan and his people. He says that in time, either Hoan or the Communists will win out in Vietnam and that if Hoan wins, he will need a couple of friends in the US. The implication seems plain that **du Berrier** plans on being one of those "friends".
4. It seems to us that the best course on handling this material is to send the whole batch to you in order to determine whether or not any of it is worth reporting or placing on file. We will furnish report elements for any of this material which is found reportable. If you find that copies of Hoan's letters might be desired, they could possibly be obtained from **du Berrier** at such times as he is in New York.

The Department has received information from a source in the International Rescue Committee that some North Koreans resident in Hungary defected to and sided with the Hungarian Freedom Fighters. (Students, industrial trainees, members of government missions, etc.) How many defected? How many are known not to have defected when given the opportunity? (In other words, how widespread were defections?) If defectors had any important positions, information on persons and positions is desired. What were the circumstances of the defection? What appeared to be the motivations for defection?

The Department would also be interested in information, if procurable, on the number and type of North Koreans in Hungary or other satellites.

Alien Lead - **Eva Kralovensky**

June 1-5 1964

1. The Washington Office has received a routine alien lead on **Eva Kralovensky**, age 23, born in Czechoslovakia, ~~1955~~ ¹⁹⁶⁴. "housewife", endorsed for US immigration by the International Rescue Committee. The Washington Office contacted one of its sources and learned that **Miss Kralovensky** was a stewardess on one of the three Czech airplanes which flew into West Germany (possibly West Berlin) about four or five years ago. We were also informed that she had been an employee of Radio Free Europe.

2. The Washington Office contacted Alien Branch (Sives) and asked if there was any reason to proceed further in locating **Miss Kralovensky** on the assumption that she was probably well-known in the intelligence community. Mr. Sives checked and informed the Washington Office that there would be covert interest in **Miss Kralovensky**, and requested that her address be obtained and the appropriate field office be alerted for an alien contact.

3. The Washington source finally determined that **Miss Kralovensky** moved to California but at the end of two weeks finally settled in Reno, Nevada. She can be contacted at **521 W 6th Street**, Reno, Nevada.

✓ The name of the young woman of USSR nationality referred to in SF-11362, paragraph 10, and employed by the National Resources Bureau is Miss Lydia DIMOVA, age 30 years. Her mother, presently residing in Harbin, is Mrs. Claudia Dimova. The Dimova family is well known to the source for more than 30 years and therefore the source feels that any information passed on to her by the young woman employee of the bureau might well be considered as reliable.

2. Prior to the departure of the source from Peiping, Miss Dimova visited her and pleaded with the source to assist in an effort that they might eventually get out of China. She begged her to register her name and the name of her mother with the United Nations International Relief Organization, through the Reverend Stumpf of the Lutheran Church, World Federation of Churches at Granville Road in Hong Kong. Miss Dimova is desirous of setting up arrangements through IRO so that she and her mother may gain entry into Brazil. The source completed the necessary application on behalf of the Dimovas during her stay in Hong Kong.

Committee for Refugee Scholars

+ Source Lead.

- 5564

1. In the event that you are not already in touch with Otto Zoff of the American Committee for Refugee Scholars, Writers, and Artists, 32 West 45th Street, New York City, we believe that you may find him and/or his organization a useful contact. It has come to our attention that Zoff from time to time recommends Russian language instructors to the Army Language School at the Presidio of Monterey, California. It occurred to us that Zoff would be in a position to provide you with numerous source leads on well educated aliens in the US. These men would include engineers, scientists, and teachers. Not only should he be able to give you the names of DPs in your area, but also those who have moved to areas covered by our other field offices. We know nothing further in regard to the Committee for Refugee Scholars (its backing, orientation, reliability).

2. Incidentally, we have a verbal agreement with the Commandant of the Army Language School that we will not use our access to the files of his current language instructors as a means of "raiding" his faculty, i.e., offering CIA employment to them. Therefore, this memorandum is not meant as a source lead for potential employees! Also, we feel that it would be preferable that you do not indicate to Zoff that you know that he recommends personnel to the Presidio of Monterey.
