Mr. Williamson entered on duty with the Agency in June 1953, after having served with the Army, CIA, from 1942 to 1945 and, subsequently, as Chief, Civil Intelligence Branch in the Puerto Rican Government from 1949 to 1952. In January 1953 he was appointed Deputy Chief of Station, Havana and remained in this position until January 1959 when he was reassigned to Headquarters. Mr. Williamson served as Deputy Chief of Station, Madrid, from 1963 through 1967, and as Deputy Chief of MI Division Civil Operations Group from 1966 to June 1968. He assumed the position of Chief of Station, San Jose, in June 1968. Since April 1971 Mr. Williamson has been assigned as Chief, MI Division, Branch 6, which encompasses the important Chile area.

Mr. Williamson has held positions of responsibility from the very outset of his Agency career. While demonstrating able qualities of leadership and excellent managerial skill, his continuing interest lies in the very heart of Agency activities—the production of intelligence and the conduct of actions against our targets. This was highlighted during his recent tour as COS, Costa Rica. The last year of his tour was marked by two extremely delicate, highly productive operations targeted against the Communist Party of Costa Rica, and a political action operation of a most sensitive nature starting from there. This latter operation, focused as it was around the president of the country

MEMORANDUM FOR: Director of Personnel
THROUGH : Deputy Director for Plans
SUBJECT : Mr. Earl J. Williamson - Request
for Approval of Ten Days of
Additional Home Leave
REFERENCE : HR 20-30b(3)(b)(10)

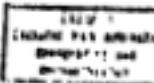

1. The circumstances surrounding Mr. Earl J. Williamson's departure from San Jose, where he had been Chief of Station, are described in the attached memorandum. Because of the disruptive nature of his PCS transfer to Washington, Mr. Williamson has requested an additional ten days of home leave. As he is a State Department integrant, the Office of Finance, subject to approval of his request, can offset the State disallowance of his additional home leave and the charge to his annual leave by adjusting Mr. Williamson's escrow leave account as appropriate.

2. Due to the nature of his transfer, Mr. Williamson's request for an additional ten days of home leave appears to be warranted. In accordance with the provisions of the referenced regulation, it is recommended that Mr. Williamson's request for an additional ten days of home leave be approved.

MEMORANDUM FOR THE RECORD

SUBJECT: Home Leave - Earl J. Williamson

1. The following are the circumstances concerning my departure and home leave from San Jose, Costa Rica.
 - a. My home leave and return for a second tour to San Jose was approved by Chief, WH Division in the summer of 1970 for January 1971.
 - b. In October 1970 home leave and return orders were requested from **State Department** and physicals were taken.
 - c. In December 1970 home leave and return orders were received from the **Department** based on the itinerary I had requested to be effective on or about 1 January 1971.
 - d. My departure scheduled for 3 January was deferred by the **Ambassador** based on operational considerations at the time.
 - e. On 8 January 1971 I was officially declared **PNG** by the **Costa Rican Government**.

-2-

f. To give the public **impression that my departure was a routine transfer, the Department, the Agency, and the GOCR agreed to the postponement of my departure until 21 February 1971.**

g. On 11 February 1971 I received **Department orders based on my previously requested itinerary for home leave and reassignment to Washington.**

h. My home leave itinerary included five days annual leave in Mexico enroute and 25 days home leave reporting for duty on 5 April. I actually arrived in D. C. on 23 March and was fully occupied until 5 April in locating and renting a home and getting my family settled.

i. In accordance with **Department regulations**, I have been credited with only 15 days home leave and the additional 10 days have been charged to annual leave.

2. I submit that the circumstances of my departure from **San Jose were unusual** and beyond my responsibility or control. The delay in departure definitely occurred because of operational requirements abroad which negated my original home leave schedule. I would like to request the granting of an exception to the 15 day home leave limitation to show my return to duty as of 23 March (the date I arrived in D. C.) rather than 5 April the date the **Department** has me returning to duty.

RE: Mr. Earl Williamson, Special Branch

Special Branch Officer
RE: Mr. Arthur Jacobs,
U.S. Embassy
ENCLOSURE

No. _____

21st September, 1967.

Mr. Arthur Jacobs,
U.S. Embassy.

Dear Arthur,

Now that Earl Williamson has come and gone
I would like to record how very grateful I am to yourself
and your Government for arranging his visit to Jamaica.

2. As far as our Intelligence Committee is
concerned, his visit was an unqualified success at all of
the various levels at which he spoke, and I hope that he
felt the same way about it.

3. For my part, I believe that it was particularly
valuable because it made my Government aware - at the highest
level - of the mutual benefit to be derived from the closest
co-operation between our two Organizations.

4. I would be very grateful if you would pass on
to the appropriate quarter our highest appreciation of
Mr. Williamson's work during his two days in Kingston.

Yours sincerely,

John Humphrey

(J. N. Humphrey)

MEMORANDUM FOR: Chairman, Personnel Management Committee

SUBJECT : Request of Mr. Earl J. Williamson, GS-15,
to Remain in Staff Status Following
Marriage to an Alien

1. Attached is a request from Mr. Earl J. Williamson for permission to continue in a staff status with the Agency following marriage to a Cuban citizen. WE Division strongly recommends favorable consideration.

2. Mr. Williamson is a fifty year old officer who entered on duty with the Agency in 1952. He has been assigned to the Madrid Station since October 1960 where he has served as the Deputy Chief of Station and since May 1964 as the Western European Coordinator for Cuban Activities. Since his assignment to the Madrid Station, Mr. Williamson's performance has been outstanding. He is a mature, experienced, and well-rounded officer who is particularly well-suited for Agency employment. In every sense of the word, Mr. Williamson is a dedicated officer who has spared no effort to expand and improve the Agency's coverage in his area of assignment.

3. WE Division concurs with the Chief of Station, Madrid, who has stated that he does not believe that Mr. Williamson's marriage will adversely affect in any way his future usefulness or mobility of assignment in the Agency. Mr. Williamson plans to proceed with the marriage in October 1965 shortly prior to his return for reassignment to WH Division. Informal discussion with WH Division has indicated that they foresee no difficulty with their plans for Mr. Williamson were he to marry this alien as planned. Mr. Williamson is **Integrated** in the **Department of State** and will be required to submit a similar request after Agency decision is received if he retains his **Integrated status** in his next assignment.

MEMORANDUM FOR: Clandestine Services Career Service Section A
SUBJECT : Recommendation for Promotion - Mr. Earl J. Williamson

1. Since October 1960, Mr. Williamson has served as Deputy Chief of the Madrid Station, and during an extended period of this time, he was Acting Chief of Station. His performance has been outstanding. Not only has he assisted his Chief in the management of the Station, but simultaneously managed to reinvigorate our liaison program in Spain, which was the particular area of responsibility originally assigned to him. His service has been noteworthy not only for his vigor in initiating new activities but also for his balanced, yet energetic, cutting away of deadwood, useless procedures and purposeless activity.

2. In recent months, in part on his own initiative, and later under forced draft at Headquarters direction, Mr. Williamson has been instrumental in mounting an active operational program targeted against Cuba. Due almost entirely to the imagination, energy, and effort which he has applied, this program has already had considerable success in the acquisition of intelligence and the recruitment of agents, and promises to be even more productive in the future.

3. Mr. Williamson's activity since his assignment to Madrid is clearly of outstanding caliber and it is noteworthy that the present Chief of Station as well as the preceding Chief of Station have both, on the record, rated him as exceptionally able, energetic, and mature. Mr. Williamson has been in his current grade since December 1956. In view of the considered judgment concerning the value of his performance in Spain, his good administrative qualities, his obvious maturity, energy, judgment and experience, it is strongly recommended that Mr. Williamson be promoted to grade GS-15.

REMARKS			
<p>1. Subject is a mature, experienced, well-rounded operations officer and administrator. For the past fifteen months he held the position of Deputy Chief of the [REDACTED] Station. For an extensive period of time during this period he was Acting Chief of Station. In the attached letter report will appear the results of all three dimensions of his personalities in an outstanding manner. In addition to the approximately four weeks that I have been able to observe Subject's performance at this post, I also had the privilege of serving with him at [REDACTED] where I saw that, as I am now, impressed with his professional competence and his fine personal attributes. In every service of the word, subject is a dedicated officer who works "around the clock" in his efforts to expand and improve [REDACTED] covers e in this area.</p> <p>2. Considerable credit is due to subject for the improvement of our relations with the [REDACTED SECURITY SERVICES]. During the past three months he has spent a considerable amount of time and effort in bringing about mutual respect and cooperation in the execution of our [REDACTED ACTIVITY], cutting down deadwood and streamlining the actual operations. In addition, subject has been particularly effective in [REDACTED] and recruiting [REDACTED] (including a clandestine agent) for the main operation.</p> <p>3. The attached letter report speaks for itself. Subject has been in his current rank since October 1960. Given his age, his experience and maturity, and his consistently fine performance in the current position, I strongly urge that he be officially considered for promotion to [REDACTED] at the next appropriate annual meeting.</p> <p>[REDACTED]</p> <p>19 Jan 1962</p> <p>Attachment: Fitness Report for [REDACTED] [REDACTED]</p>

<p>1. As reflected in his most recent Fitness Report, Subject, who has been serving as Deputy Chief of Station and Chief of [REDACTED] at this Station, has demonstrated outstanding talents in management of personnel and their activities, developing [REDACTED] relationships with [REDACTED] liaison in operations both joint and independent. Because of my confidence in him, which is apparently shared by Headquarters, he is being retained here for a long period as Acting Chief of Station after my departure. MEMORANDUM FOR: Personnel Officer, FI

SUBJECT : Earl J. WILLIAMSON
Recommendation for Promotion

1. Mr. Williamson has been with the WH Division since June 1952 and at the Havana station since 17 January 1953. With approximately eight months headquarter training he has worked into a position demanding extremely **sensitive liaison** work. His efforts have been highly successful and are marked by an excellent grasp of the problems involved. Mr. Williamson also acts as Chief of Station during any absence of the Chief. The variety of problems he encounters are met with considerable ability.
2. The promotion of Mr. Williamson to the next higher grade is recommended, in view of the excellent performance of his present responsibilities. He has demonstrated his capacity to perform fully and effectively in a field assignment.

MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: Earl J. Williamson
1 April 1970 to 31 March 1971

Mr. Williamson departed **San Jose, Costa Rica**, on 21 February 1971, after having served as Chief of Station for two and one half years. The last year of his tour was highlighted by two extremely delicate, highly productive operations targeted against the **Communist Party of Costa Rica, and a political action** operation of a most sensitive nature stemming from them. This latter operation, focused as it was around **the president of the country**, called for constant good judgment on how to pursue U. S. Government interests with this highly sensitive and significant intelligence at hand. (It was highlighted at the WH Division's Chiefs of Station Conference held in February 1971 as a classic example of both the collection and use of intelligence on the real "national interest" level.)

Throughout these operations, Mr. Williamson handled himself very well, especially during the latter part of his tenure when he was under considerable pressure as an almost inevitable consequence of the **impact of these operations**. Ultimately, Mr. Williamson's **recall from Costa Rica** was requested by the **Costa Rican Government**. It should be **stressed** that this was a mark of his operational success rather than the result of any operational "flap" or miscue whatever. (The U. S. Ambassador was the government's ultimate and preferred target but, for a variety of reasons, it was desired by local authority to avoid that kind of a confrontation with the U. S. Government, so Mr. Williamson was selected as the next best target in the Embassy.) Publicity based on false and self-serving leaks by the local government placed Mr. Williamson under the most intense strain in his final weeks. The

- 2 -

fact that, under these general circumstances, he continued to function normally, responding to numerous demands being made on him by the situation and Headquarters, and set about paving the way for his successor to take up the cudgel from the best operational platform -- all this speaks for itself and certainly underlines the fine quality of Mr. Williamson's professional and personal characteristics.

In the realm of normal activity, Mr. Williamson handled his officers with both firmness and tact. He was a good manager, ran a taut Station, and had cut back on several marginal operations, streamlined others, and initiated some new ones. He writes well and quickly, and he has exceptional fluency in Spanish. He moved very well in the local community and, during his tenure, established a wide range of contacts.

Mr. Williamson's relationship with the Ambassador was excellent, and his wife was a great help to him in discharging his representational duties and in developing contacts within the Costa Rican community.

In sum, Mr. Williamson is a "pro" who turned in a strong performance both before and after the chips were down.

Comments of Reviewing Official:

I fully concur with the Rater's comments. I am pleased that Mr. Flannery explained the circumstances surrounding Mr. Williamson's **recall from Costa Rica** so well. His tour was a fine piece of operational work and in no way should it be tarnished by misinterpretation or gossip.

MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: Earl J. Williamson
1 April 1969 - 31 March 1970

Costa Rica has become progressively more important to the Agency because of its very active **Communist Party** and signs of the imminent arrival of the **Soviets**. In anticipation, Mr. Williamson has geared his Station and honed his operations to cope with these problems. **San Jose** Station has some of the more sophisticated and interesting operations in the **Central American** area, and the Station is preparing to exploit its assets to the maximum to meet the expected presence of the **Soviets**.

Mr. Williamson is an old "pro" who has had a variety of experiences in the intelligence field and who brings to his work maturity garnished with enthusiasm and expertise.

He has done particularly well in guiding his subordinates and extracting the maximum from them. His leadership is deft but firm.

His relationship with the past ambassador, a difficult person to deal with, who was not at first happy to have Mr. Williamson, progressed to the point that he became a valuable member of the Country Team and had the respect of the ambassador. There is a new ambassador now and it is clear that Mr. Williamson has gotten off to a very good start with him.

MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: Earl J. Williamson
1 April 1968 - 31 March 1969

Mr. Williamson began his tour as Chief of Station, San Jose, in July 1968. He was well prepared for the responsibilities of the assignment, having served in two important stations as Deputy Chief of Station, and as Deputy Chief, WH/COG.

At the outset of his assignment, Mr. Williamson was confronted with **an ambassador** who had reservations on several matters connected with the station, including problems concerning the establishment of a "**third country**" **radio** operation. Shortly thereafter **Panamanian exile and guerrilla** activities placed an additional burden on the San Jose station and on relations with the **ambassador**. Mr. Williamson weathered these initial rough spots well, keeping Agency interests protected.

In the seven months since his arrival in San Jose, Mr. Williamson not only succeeded in overcoming the **ambassador's** initial frostiness, but has mollified the **ambassador's** misgivings on several potential items of conflict. Furthermore, he has won a strong endorsement from the ambassador who has made it a point to inform Headquarters officers that he is highly pleased by the manner in which Mr. Williamson is handling his assignment.

EOD Date : June 1952

COURSE OBJECTIVES, CONTENT AND METHODS

The COS Seminar is aimed to prepare prospective Chiefs and Deputy Chiefs of Station and Chiefs of Base for field assignments. Emphasis was upon the difficulties confronting Chiefs of small or medium-sized installations, since they must handle a peculiarly wide range of problems. Included were case studies serving to remind outgoing chiefs of various operational approaches and techniques, but more time was devoted to policy, coordination, management, reporting, and administrative responsibilities of the Chief of Station, both within CIA and in the government at large, at home and abroad.

The bulk of the course is given in lectures and question periods conducted by officials responsible for the missions, functions, programs, and services discussed. A few key items of suggested reading are included, and bibliographies of suggested reading tailored to the individual's assignment are offered for those who want them.

ACHIEVEMENT RECORD

This is a certificate of attendance. No further assessment of individual capacity or performance is made in this course.

MEMORANDUM FOR THE RECORD

SUBJECT: Memorandum in Lieu of Fitness Report -
Mr. Earl J. Williamson

1. Mr. Williamson reported to MI/Cuban Operations Group in February 1966 and immediately took over the functions of Chief of the FI Branch. This Branch is concerned with the conduct of positive intelligence operations on a world-wide basis against the Cuban target. A small proportion of these operations were conducted directly from Headquarters (including the direction of assets inside Cuba, a denied area). The larger number of those operations was conducted through third countries and supervision involved the provision of staff support and guidance and extensive dealings with other Divisions and, to a lesser degree, with representatives of foreign liaison services. Mr. Williamson took hold of these duties quickly and forcefully and carried them out effectively and efficiently.

2. In July 1966, Mr. Williamson was appointed Deputy Chief of the Cuban Operations Group. In this role his duties involved supervision of the totality of the operational effort, including FI, CI, maritime infiltrations, propaganda, political action, and economic warfare. Again, Mr. Williamson undertook his broader duties forcefully and efficiently. He has shown qualities of leadership and good managerial skills in dealing with personnel and organizational matters.

3. During this period, Mr. Williamson has primarily been interested in substantive operational matters. He has carried out efficiently and promptly those staff functions which I have assigned to him, but I detect a certain lack of interest in these. Probably this reflects his most outstanding ability and consuming interest in the real heart of our activities--the production of intelligence and in the conduct of actions against our target. He has participated personally in several operations and is one of the relatively few senior officers who delights in handling agents and making recruitments.

Subject is departing Spain for an assignment PCS Headquarters following a tour of over five years at the Madrid Station. During the past three and one-half years he has headed up the Station's Cuban operations, has acted as a coordinator of Cuban activities in Western Europe and has actively participated in operations in support of other WE stations.

Starting completely from scratch, the Station was able, under Subject's able direction, to develop extensive operations against the priority Cuban target, including technical operations against the installation, recruitment and defection of important officials, penetration of commercial establishments, recruitment and training of internal assets, bi-lateral operations with the local services, etc.

Subject is an officer of considerable energy and drive. He has a knack of developing and exploiting interesting contacts and much of the success of the Station's Cuban program was due to his intimate connections in Cuban exile circles. Subject was also able to enlist the support of the local services in connection with certain aspects of the over-all program which could not be handled unilaterally.

Subject has shown himself to be "cost conscious" in the utilization of funds and manpower. His Cuban unit of the Station was

Having observed subject's work only from Headquarters, my evaluation of his performance is based entirely on the results and production which he and the section which he supervised achieved. During the rating period, the station's Cuban operations were conducted vigorously with fine results. This report appears to be fair and objective.

composed (in addition to himself) of **four case officers, two reports** officers and a secretary. Although he may be considered a "tough" supervisor in demanding the best of his subordinates, the record will show that he was able to build a very successful program.

During his tour at this Station, Subject made an important contribution toward the achievement of high priority targets. He is in every sense of the word an experienced, energetic and dedicated officer.

Since Subject's activities in support of other WE stations in the conduct of Cuban operations were under the direction of Headquarters, the rating box for this specific duty has been left blank for completion by the appropriate Headquarters official.

NARRATIVE COMMENTS

Indicate significant strengths or weaknesses demonstrated in current position keeping in proper perspective their relationship to overall performance. State suggestions made for improvement of work performance. Give recommendations for training. Comment on foreign language competence, if required for current position. Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if applicable.

During the period under review Subject's duties and activities have continued to be concentrated on the Cuban target. Subject's performance of those duties has been eminently satisfactory and have received the recognition and commendation of Headquarters. Subject is an all-round operations officer with considerable experience and no significant weaknesses. His strengths are his aggressive approach to his operational responsibilities, his sound judgment and his complete dedication to duty. Due to Subject's energy and imagination the Madrid Station has been able to develop a highly effective and well-balanced program of Cuban operations. In addition Subject has spent a good part of his time in support of high level Cuban operations outside of Spain, assignments which he has carried out with a high degree of professionalism and success. In every sense Subject can be classified as a man of action.

In the conduct of the Cuban operations Subject has direct supervision of **three operations officers, one reports** officer, and one secretary. In addition he maintains indirect supervision of a **debriefing center, an intelligence processing shop and** all activities relating to the **recruitment, training and dispatching of agents** to the target country. Subject maintains contact with **high level liaison officers** whose cooperation and support are needed for a good part of our overall operations and the excellent cooperation we have received from those **officials** attests to the skill of Subject. Subject, of course, is fluent in Spanish. His drafting of cables and dispatches is excellent. Subject has at all times exhibited cost consciousness in the planning and execution of his operational responsibilities. In a word Subject is an excellent officer and a credit to the organization in every respect.

Amplify or explain ratings given in Section B to provide best basis for determining future personnel action. Manner of performance of managerial or supervisory duties must be described, if applicable.</p> <p>During the period under review, Subject's duties and activities have been devoted to the conduct of Cuban operations. His performance of those duties has been characterized by vigor and imagination. Concrete results have been achieved. The Station's performance in connection with all phases of this top priority activity, carried out under Subject's supervision, has been the subject of commendatory comments from Headquarters. In addition to direction of the Station's own Cuban operations, Subject has been frequently called upon to support other DE Stations in connection with various phases of their Cuban operations, particularly in making both "warm" and "cold" approaches to high level diplomatic candidates for defection. These assignments have been undertaken by Subject with much enthusiasm and a high degree of professionalism. As a matter of fact, Subject was away from Madrid on these and similar missions for 120 days during calendar year 1962.</p> <p>In the conduct of the Cuban operations, Subject has direct supervision over four officers and indirect supervision of the debriefing center, the intelligence processing shop and all activities relating to the recruitment, training and dispatching of agents. Through personal liaison with leading Spanish intelligence and security service officials, he has been most successful in obtaining their cooperation in support of our operations. In addition, Subject has expended much of his after-hours time to maintaining contact with agents and persons of operational interest.</p> <p>Subject is fluent in Spanish. He is an efficient organizer and supervisor and thinks and writes clearly. In summary, he is an experienced, energetic and highly dedicated officer. While he is well qualified to take over his own Station, it is my hope, and recommendation, that he be given a second full tour here in Madrid. In my opinion, it (continued in Part 3 below)</p>

SECTION E**NARRATIVE DESCRIPTION OF MANNER OF JOB PERFORMANCE**

Stress strengths and weaknesses demonstrated in current position. Indicate suggestions made to employee for improvement of his work. Give recommendations for his training. Describe, if appropriate, his potential for development and for assuming greater responsibilities. Amplify or explain, if appropriate, ratings given in **SECTIONS B, C, and D** to provide the best basis for determining future personnel actions.

Subject is a strong officer from every important point of view. He is experienced, intelligent, alert, aggressive, extremely hard working and conscientious. He is never satisfied with the status quo but is constantly striving to acquire new operational assets or to improve the functioning or production of old or dormant projects. He is touch-minded and abundantly endowed with intellectual as well as physical courage. If he has any one weakness, it is his impatience with subordinate officers and employees who do not tackle their operational duties with the same degree of zeal that he himself applies. His direct and forceful manner in calling such shortcomings to the attention of case officers under his direction has, on infrequent occasions, caused some minor and transitory resentment. In most cases, however, it has also resulted in improvement in the attitude and performance of the officer in question.

Subject is especially effective in his dealings with **high level liaison officers** and the fact that our **relations** with the **various security services** are currently on a cordial and more productive basis is due mainly to the thought, energy and time which Subject has devoted to this important activity. At the same time, subject has not permitted **liaison** considerations to inhibit the planning and development of **independent** operations and agents. In this connection he has been especially effective in developing valuable assets for **third country (Cuba)** operations.

Subject has an outgoing personality; makes friends easily, especially among Latins. He is a mature person who is respected by his Station colleagues and by the senior **COACID** and other agency representatives with whom he maintains contact. He has direct supervision over **nine** officers and clerks. He is a good administrator. He writes effectively.

This officer, who is Deputy Chief of Station and also Chief of **Liaison**, directly supervises a sizeable number of personnel involved in joint operations with **Liaison** and directs the operations in which they are engaged. In the comparatively short time he has been in this Station he has succeeded in making major advances in our **Liaison relationship** to the point where we can now accomplish considerably more than before his arrival. He is energetic, imaginative, gets things done, and works round the clock — his off duty hours he employs mainly in **developing further his liaison** and other operational relationships. Furthermore, unlike some officers in **Liaison** he is also most active developing **independent** operations. As for his qualities as a deputy, suffice it to say that he is the best deputy I have had in my entire career with this organization — a truly outstanding officer, as reflected in the numerical ratings I have given him, whom I would be glad to have with me any place I may be assigned.

He is particularly well qualified for **foreign liaison** work in a Spanish-speaking country (e.g. Spain, or an important Latin American country).

SECTION V

WHAT ARE THE OUTSTANDING STRATEGIES?

He is an excellent liaison and contact man. His unflagging good humor and friendly manner have made him very popular with all classes of Americans and natives. Even when carrying out disagreeable tasks, he manages to do it with the least possible offense to others.

• 2008年1月第1期 | 中国青年报·读书周刊

He is not a desk man. Although he writes well he would be bored with the routine involved in processing, collating and reporting.

TRAINING REPORT

MANAGERIAL GRID SEMINAR (50 hours) **DATES:** 23-28 April 1967

Student : Earl J. Williamson **Office :** WH

Year of Birth: 1915 **Service Designation:** D

Grade : 15 **No. of Students :** **46**

EOD Date : June 1952

COURSE OBJECTIVES AND METHOD

Course objectives are to aid participants to: learn the managerial theories contained in the Grid; understand their personal managerial styles in Grid terms; evaluate convictions about managerial values; develop team action skills; increase candidness of communication; strengthen the use of critique for problem-solving and learning; and acquire an appreciation of Organization Culture and Development.

The method of learning offers a challenge to all participants regardless of level or experience. A Grid Seminar is not "taught" in the usual sense. In Grid teams, participants solve complex management problems. Objective solutions are made available. Individual and team performance is repeatedly assessed. Various measuring instruments are used to evaluate effectiveness.

Critique sessions assist each participant to understand how he might change his own behavior to increase his problem-solving effectiveness. Thus managers are not told the best way to manage, but they learn by convincing themselves.

About twenty to thirty hours of study are completed as prework. Insights gained are deepened and personalized during the intensive 50-hour Seminar.

ACHIEVEMENT RECORD

This is a certificate of attendance only. No attempt was made to evaluate student achievement in this course.
