Dear Mr. Sheeses

Reference is made to your current contract with the United States Government, as represented by the Contracting Officer.

Arrangements have been recently completed allowing certain independent contractors of this organization to obtain social security credits by covering such individuals under the social security tax provisions applicable to employees. These arrangements also include a provision for retroactive applicability to the beginning of the 1965 tax year. This can be done only for reasons of security since the procedure results in reducing the social security tax from the self-employed rate to the employee rate. For example, in January of 1965 the tax rates were 5.4% and 3-5/8% respectively.

As a consequence thereof, said contract is amended by deleting all reference to social security and by adding the following paragraph:

Effective I December 1964, social security taxes will be covertly deducted by this organisation from your compensation in the same manner and to the same extent as would be done if you were a Government employee. Security reasons make this procedure necessary. Its implementation does not imply in any manner the actual creation of an employee-employer relationship. Your legal status under this agreement continues to be that of an independent contractor.

If you receive or expect to receive full or partial social security credits from overt sources you will so notify this organization and an adjustment will be made or covert deductions discontinued, depending upon the circumstances. Further, if you should subsequently receive overt social security credits, evidence thereof will be submitted to this organization. In such event your covert credits will be erased and your covert deductions returned.

All other terms and conditions of said contract remain in full force and effect.

SUBJECT:

Edward G. TICHEORN (p), Contract Amendment

- 1. It is requested that the contract for Edward G. TICHBORN, Contract Agent, be amended to delete the current paragraph 2. Travel and Operational Expenses and insert:
 - Travel and Operational Expenses. You will be advanced or reimbursed funds on an actual, reasonable and necessary expense basis for those expenses incurred by you in connection with such travel and may be directed or authorized by the Government and while on temporary duty away from your permanent post of assignment. In addition, you will be advanced or reimbursed funds for necessary operational expenses as specifically approved by the Government. Payment and accounting for all expenses incurred hereunder will be in substantial conformance with applicable Government regulations.

The effective date of the americant should be as of the effective date of the contract, 19 May 1961.

2. The above request is corrective in nature as it was not intended to change the travel expense provision which had been in effect during his previous contract.

MINSTONIA W. B. BROOKS

Note: Per WH/B&F no travel and operational expense accountings have as yet been forwarded to FD. Both Division and subject intended subject's old travel and operational expense clause to be a part of the 19 May 1961 agreement. Check List was in error on this point.
