MEMORANDUM FOR: Deputy Chief, WHD for Cube

SUBJECT : Status Report on AMBALLOT as of 1 September 1965

1. GENERAL

and are prepared to move into the Community Development Counseling Service, Inc. (CDCS) cover offices in Arlington at any time. I propose to furnish the office they have available during September, to install our own telephone, and to start making an appearance there for an hour or so daily in order to begin switching my Cuban contacts to that address and phone number. In October I should like to move the young lady we discussed in there and start processing the correspondence, applications for training, etc. which I hope to have generated by that time preparatory to the selection of about five or FIX men for the Spring Semester under ANTELCH.

b. From 28 to 31 August Tom Clines and I were in Mismi saking arrangements to buy the two Swifts from Artime and recruiting Bicardo Chavas (The Mexican) to put together two AMSORLD crews for the boats to be used on Lake Tanganyika. We agreed on a net to Artime of \$100,000 for the two boats and got the sales agreements signed. My proposal for harding the \$100,000 is included under AMCIVIC below. Chaves had already applied for enrollment in an Accounting and Fablic Administration program at the University of Mismi, but we halled him into delaying it for the Fall Semester in order to handle the Congo operation for us. I told him we would domider him as a candidate for a future job handling a Coast Guard and Customs Service : position in a post-Castro regime and would look into the possibility of getting him some support under ANTRACH after he returns. He likes the idea and will be a good candidate.

c. We have about fifteen files on possible candidates for ANTEACE, culled from names known to me, to Climes, to Artime, to Quintero, and anybody else I have been able to get suggestions from. I propose to melect five or six of the most likely looking ones to bring into the program by next Pebruary (Spring Semester), then to get WAVE into the act and look over any candidates they can come up with for screening and consideration prior to next summer. In the meantime, I would like to generate an authentic appearing mechanism through CDCS by which we can cover our contacts and selection of candidates through applications and awards of special grants through various foundations. I an waiting for Jake Golder, Chief of the AME Staff, to get back from leave this week in order to start working out a testing and evaluation program for the candidates.

3. AMCIVIC

- a. Artime appears to be going shead with a local civic action program at his old base at Monkey Point, Micaragua. In addition, he is going shead to put in a boatyard at Bluefields around which he proposes to organize a local fisheries cooperative. His man there is Luis Prieto, a physicist who worked on the DEW line project in Canada before joining AMWCRLD about a year ago. The Panama program had a set-back due to the death by shooting by a jealous husband of Milvano Pono, the Negro Rural Comando who had been slated to go to Vernguas Pravince and head up Artime's contribution to the school being sponsored there by Mishop McGrath and Harvard University. An alternate has been selected, another Megro of Haitian descent from Oriento maned Bugenio Claude.
- b. Later this week, Artime plans to return to Central America, particularly to visit Panama and talk with Bishop Moderth and President Robles. He will also go through Costs Rica and Micaragua, for which I gave him intelligence requirements from WH/2.
- e. We paid two subsidies of \$12,000 each for July and Angust through the old ANVORAD funding mechanism, and allowed him the resaining \$13,000 from the "insurance money" of the LGBD team as the payment for September. I propose that starting Outober we inform him of a new decision from the "policy committee" that we will subsidize him for \$5,000 a menth for six months to cover payments to dependents and survivors. At the end of that time, they
