Mr. Kennedy.

Several months ago I wrote you a letter conserving the Fro-Castro centiments of Court Wood, son of Foster Wood, a local attorney. Since that time I've seen Court only once, on March 3,1961, and he appears to be actively engaged in the organization of a local chapter of the FAIR PLAY FOR CUEA COUNTIES.

Complete with beard, Court has been meeting with interested groups and local uring to students in several eastern cities. He specifically mentioned Enlinero, Philadelphia, and New York. Apparently there are a number of students envolved in this activity; I met David Lacterman from George Mason High School in Falls Church, Valend Walt MacDonweld, a fellow student of Courts, and both are obviously active.

Court and his father?

Please include this statement in my permanent record.

THANK YOU
