- 6. Meanance of forged personal identity documentation by ASD is controlled according to two broad criterian type of requester; and type of documentation requested. A request for desied area documentation from a DDO Area Division is honored after proper validation. Free world documentation may require some extra coordination however. A Swiss passport would not be issued without coordination with the EUR Swiss Branch; an Irish passport would not be issued for use anywhere in the Commonwealth area without the approval of the British Desk; Hong Kong documentation is not to be used in Hong Kong unless approved by Hong Kong Chief of Station.
- 7. Unless ordered otherwise by higher Agency authority, no U.S. documentation is issued by TSD Headquarters without prior coordination with the Office of Security and the Central Cover Staff. TSD Regional Bases require at least the validation of U.S. documentation requests by the COS, or his designated representative, of the requesting Station. Because it could be used in order to obtain a U.S. passport in alias, no U.S. Birth Certificate is issued without approval of the DDO via Central Cover Staff. Backstopped major credit cards are issued by Office of Security, not TSD.
- 8. Provision of forged documentation to non-DDO requesters, whether they be CIA or other Agency requesters, always requires approval of non-TSD offices. Support to the military for instance would be validated by FI Staff/Departmental Coordination Group at Headquarters or by the COS overseas having responsibility for coordination of the operation. BNDD requests are coordinated with DDO/NARCOG. Requests for documentation of Immigration and Naturalization Service is coordinated via the Alien Affairs Staff.

9. Authentication items are issued on a loan basis and must be returned to TSD or accounted for. After any documentation has been issued, TSD retains photographs and records of such support until the documentation has been returned to TSD. If the material is not returned after a reasonable time, the requester is reminded of the outstanding documentation.
