ACPROVED FOR REPERSONS CIA EISTODICAL MEYER PROCESS

On March 18,1961 I spent hours with Court Wood and we discussed at great length his plans for the future and his participation in the activities of the Lin FLAY FOR CURA COMMITTER. Court seems to be entremely make concerning by obtain with the Agency, and he is very over and frank with me in all areas. I am certain that if given enough time I can obtain a great deal of information on the backgrounds and activities of many of his associates.

interested in a large mumber of Consumist Publications. These included "U.S.S.R.",
The Worker", and many Prop. parchlets that were obviously published in England.
Court is an extreme Leftist in his political views and he believes fanatically
in Castro's Cuba.

Fr. Wood mentioned to be that he and several of his friends are raining plans to enter Cuca in June; illegally if necessary. He apparently wants to become a tension for the Castro government and to make his permanent home there. Numbers of the "Zouh of July Poveront" are in close contact with Court and they are envolved in this, proposed nove to Cuba. Court does have some money and he seems to be very serious this thing. Within the next few days I have to be able to get some names and area!-

Please include this in my pervanent record.
